

THE SABBATH

To my sense the Sermon on the Mount, read each Sunday without comment and obeyed throughout the week, would be enough for Christian practice.

—Mary Baker Eddy

WOOD COOL

Women prefer wood kitchen cabinets, says a leading economist, because wood is cool to the touch in summer and warm in winter.

DISCONTENT

One who is contented with what he has done will never become famous for what he will do.

SWINGING DOWN A LANE

The other day, I had the pleasure of meeting two fine people in the bowling field when I visited the Torrance Bowl, located at 1953 W. Carson St. in Torrance.

Jim and Mae Haste, the genial proprietors of this friendly house, leave nothing to be desired in the way of hospitality. The house is small, with eight lanes. They all are maple. The automatic pin setters are kept in the finest condition.

The nice thing about the house is the Family Bowling plan. There are no leagues in this house, so any time during the day or night you can go in and bowl.

There is a waiting list on weekends, of course, and the bowling fee is most reasonable. I'd like to see every one who bowls in Torrance stop in, bowl a few lines, and get acquainted with these fine people.

You may not believe it, but John and Sarah Timbera drive from Santa Barbara every Tuesday night to bowl at Palos Verdes Bowl with their friends on the Chatter League at 9 p.m., then drive back home the same evening.

That's what we call real loyalty.

On the Palos Verdes Scratch League, Bob Bobick scored a step-ladder of 172, 173, and 174. Harold Mays rolled a 151 triplicate. J. B. Wise, on the Sunday Mixed Four, has an average of 139. Everyone rushed to pick him up off the floor when he bowled a 255 scratch game.

Thursday's 815 Commercial League had Jim Shepard coming around for handshakes with his step-ladder of 179, 180, 181. Don Williams of the Post Office League had a nice 257 scratch game, and congratulations go to Dora Brown for bowling a 140, 160, and 180. That's something you don't see very often.

On the Wednesday morning Gad-A-Bout League, Pat Putner rolled a nice 219 scratch game.

Thanks to Mary Jane Millard for the scores from the Firemen's Torrance City League at the Gable House. The Firehouse Five No. 1A

bowled a 3024 scratch series. On the same day, the Firefighters No. 1A were really trying and made a fine showing with a 3018 scratch series.

Not to be outdone, Harlan Treskes bowled a 669 scratch series. If Harlan fights fires like he bowls (and we know he does), we have nothing to worry about.

From Gable House, Al Christian rolled a 664 series, Joe Comerski a 268 game, George Dorman a 279 game, and Gene Dick a real nice 719 series. Congratulations, gentlemen.

Gable House Guys and Dolls Sunday night League has John Marsh winning the Century Patch. This patch goes to anyone who bowls a hundred pins over average.

John carries a 147 and rolled a 263 scratch game. On the same league, happen. On the same league, Eric Smith picked up the difficult 6-7-8-10 split.

At the Scotch Doubles sponsored by the National Fifty and Over Bowling Club, at the Gable House, on March 23rd and 24th, a \$25 prize for the high series of 783 went to Taffy Addington and her partner Bill Millard.

The second highest series of 738 brought a \$15 cash prize to Helen Cox and Ed Walker.

Taffy Addington, not satisfied with winning first place, came back with a new partner — Frank Kessler — and at 1:45 Monday morning took the third cash prize of \$10 with a 736 series.

It was a lot of fun for all who took part.

The Explorer Scouts have a league going each Sunday afternoon at the Bowl-O-Drome. The ages of these boys are from 14 to 18. There are 18 teams of these fine boys. They all are trying to be one of the five to be picked in the Explorer roll off which will take place at the Bowl-O-Drome, March 31st at two in the afternoon.

High series is held by Gary Yoshiki, high game by John Lindley, third high is 205 held by Bill Polick. We wish the boys lots of good luck.

1 out of every 94 employees in California will head for work on a telephone job

Some 68,000 Californians, like Operator Vivian Coleman (below), now make their living from Pacific Telephone jobs. And as this number has increased to meet California's growing telephone needs, the payroll they put to work throughout the State has grown larger, too. (1962 total: \$426 million.) Yet phone rates in California are among the lowest in the country.
