

\$8,500 ROAD WORK FUNDS APPROPRIATED

The board of supervisors has allocated \$8,500 for a roadway improvement project on the northeast corner of the Avalon Boulevard-190th Street intersection. Supervisor Kenneth Hahn said improvements will consist of widening the roadway 17 feet on the east side of Avalon and 30 feet on the north side of 190th street. The improvements will join with curb and gutter to be constructed under county permit by adjacent property owners. Hahn cited this project as an example of cooperative work performed between the county road department and the public for roadway betterment. "Avalon Boulevard," Hahn said, "is a major highway carrying an average daily traffic load of 13,000 vehicles through this intersection. Improvement will facilitate area drainage, lower maintenance costs and add to the operational efficiency of this intersection," he added.

Traffic Signals Due At Lomita Crossing

The board of supervisors today awarded a \$14,000 contract to William R. Hahn for modification of traffic signals at the Palos Verdes Drive North-Western Avenue intersection.
