**Jody's JODY'S** — Took a color picture of the sign out in front a week or two ago just so I could have all those colors near to my hot beedy eyes — like also there was a picture of a Steak — **MEAT** — Like Dinner people — at these kind of prices who wants to smoke up the kitchen — get dirty dishes —? ## HOW PRIVATE IS PRIVATE PROPERTY —OR WHY PEOPLE BUILD FENCES

**HOW PRIVATE IS PRIVATE PROPERTY**  
 Property Taxes being what they are and the size of lots here amounting to near postage stamp size, it is the expressed opinion of at least one property owner that he should have the right to assure privacy in his own back yard. . . .  
 Next week — after speaking to Trevor Ewart, Torrance building inspector, about "common practice" and/or residential and commercial discrimination by city building ordinances, Dateline will present views (one sided of course) by property owners who want To Own the Property They Paid For. . . .
