

W. J. UERKWITZ

W. J. Uerkwitz Will Lead Junior Achievement Firm

A Torrance man has been selected by Pacific Telephone as an adviser to the Junior Achievement company it will sponsor in Hawthorne during the 1963-64 school year.

He is William J. Uerkwitz, of 23136 Anza Ave., a senior engineer for the telephone company responsible for the design and quantity of switching equipment and switchboards for PBX systems.

The nationwide Junior Achievement program is designed to develop a high school student's understanding of the functions of a free enterprise system.

Uerkwitz will counsel 10 to 15 Hawthorne teenagers in the planning, formation and operation of a small company. Advice will be given on business management, production and sales.

The JA group will develop, manufacture and sell a

product under the firm's name, elect officers and sell stock as a corporate business.

All functions of an adult business operation will be followed, even to the payment of dividends to shareholders.

Uerkwitz began his communications career in 1945 as a station installer. His service has been in two departments, traffic and plant.

He has two years of col-

lege credit in business administration, having attended Santa Monica CC, UCLA, North Carolina and Rensselaer Poly in Troy N.Y.

He serves as chairman of the Southwood Riviera Homeowners Assn. Past activities include Hollywood telephone company speakers club, Inglewood Chamber of Commerce and Lennox Committee for Incorporation.

Torrance GOP Given Guide To '64 Victory

At the meeting of the Torrance Republican Club, the guest speaker attorney John Wren expressed these points:

1. Richard Nixon carried Torrance in the 1962 gubernational election in spite of the three-to-two registration in favor of the Democratic party because of the hard work and funds expended by the Torrance Republican Club.

2. Similar hard work and fund-raising by the Torrance Republican Club and California Republicans generally and others who want good government can provide the 1964 Republican presidential nominee with California's 40 electoral votes to assure his victory.

3. People and money win campaigns and with the present disastrous international situation, the irresponsible fiscal and deficit spending policies, and with the growth in welfareism and socialism fostered by the liberals and the present administrations, Republicans have no alternative but to give freely of their time and money to preserve America's free enterprise systems and in individual dignity and freedom, using the rallying cry "Talk Republican . . . Work Republican . . . Give Republican."
