

Letters

I believe the newspapers of this area have been most unfair to our Torrance police department.

Last year, over 3,000 people settled in Torrance, that is more than settled in Long Beach. Our police department has had to adjust to this influx of people and I, personally, think they have done a great job.

Check our crime and traffic statistics with the rest of the nation, and they still have time to be kind, courteous and helpful. I am proud of our police force and I am glad we live here where my children and home are so well protected.

You convicted Chief Bennett and the force without even a trial. At least, the wayward officers will get that much. How can you be so intolerant because of two rookies and one other officer? Is your own profession so pure? Of course not, there is bound to be a "bad apple in every basket." We take for granted the many officers, who, for so many years, have kept us so, comparatively, free of crime and traffic deaths. How many times have you, honestly, looked at a police officer with respect and the realization that he is the most underrated, unappreciated, and underpaid individual in our country? Every time he puts on his uniform he makes a target of himself for some "screwball" to take a "pot" shot at. How about some respect for this man? After all, he did catch his own.

Police officers are heroes to my children and no one—but no one—can give them feet of clay.

Mrs. Marylou Carpenter 2614 Grand Summit Road Editors are underrated, unappreciated and underpaid, too. Nobody has convicted the chief or his officers. Any policeman who is punished will be so because of his own actions.—The Editor.

DODGER TRIP BERTHS OPEN

Seats are still available for the Torrance recreation department Dodger trip and game on Friday, Aug. 23, when the Dodgers play Milwaukee. Cost of the trip is \$4 and includes reserved seat, bus transportation and trip insurance. Although this is an adult trip, teenagers are welcome if accompanied by an adult.

Reservations can be made by calling the Torrance recreation department at FA 8-5310, extension 263. Space is limited and reservations are accepted on the first-come, first-served basis. The deadline for paying the trip fee is one week previous to the date of the event. All trips leave from city hall, 3031 Torrance Blvd.

CAMERA FOR BRAIN
A UCB scientist has developed a new type of camera which, with the help of radioactive isotopes, locates many types of brain tumors.
