Shrinks Hemorrhoids Without Surgery

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 29. At all drug counters.

The South Central District of the California Moose Association sponsored the annual event in co-operation with the California Jalopy Association.

Twenty Moose Lodges and fifteen Women of The Moose Chapters in the district joined in the program. Approximately 300 members and friends of the Family Fraternity witnessed the racing program.

Karyn and Sharyn Walker, last year's Torrance Moose Queens, were trophy girls for presentations during the program. The twins are the daughters of Lorraine Walker, Senior Regent of Torrance Women Of The Moose.

Karyn and Sharyn were interviewed on TV station KTLA by announcer Dick Lane.

Other Moose personalities interviewed by Lane were Earnest Stanley, President of South Central District of California Moose Association; John Kanka, Past Governor of Huntington Park Moose Lodge and Chairman of the Moose Day At The Races Program; James D. McCune, District Membership Chairman and Past Governor of Torrance Moose Lodge; Carl Myers, Governor of Buena Park Moose Lodge; and M. Spangler, Governor of Huntington Park Moose Lodge.

In the group attending the races were many other officers and faithful workers of the Loyal Order of Moose and its auxiliary, the Women of The Moose, from throughout the South Central District.
