ORGAN NEWS RELEASE

Here's proof that an organ can be both complete and compact with 2 keyboards and 13 note pedal boards. Yet it's about the size of the small writing desk. Designed to fit into a very small space—in almost any room. It's handsome enough to be the important piece in the living room. It's available in authentic mahogany or walnut. An important feature is the full width finger drill—providing fuller sound projection. See the newest STARLET Organ—now priced at \$495.
