

LA City School Enrollment 722,000

Enrollment in the Los Angeles City School System was a record 722,000 at the end of the second week of the new fall term, Superintendent of Schools Jack P. Crowther last week informed the City Board of Education.

The new mark broke the old record of 716,294 which had been reached by the district's 594 schools last February, the superintendent said.

The figure represents an increase of 27,460—or 4 percent—over enrollment at this time last year. At the same time Crowther reported 14,087 elementary school youngsters in the district are on half-day sessions and another 2,616 high school students are attending on short sessions.

All of the high school students on short sessions are at Wilson High School, the superintendent said, and pointed out that this is the first time since 1958 that a Los Angeles secondary school has been on a short-term program.

In addition to the half-day sessions Crowther said 1,918 children are on kindergarten waiting lists at the present time, compared to 3,798 a year ago.

The superintendent broke down the new record enrollment figure as follows: Elementary schools, 346,626 including 50,870 in kindergarten; junior high schools 122,782; senior high schools 116,090; and adult education high schools 65,982. Largest enrollment increases were reported in high schools and junior colleges. Students attending the district's seven junior colleges increased by 5.5 percent over this time last year.

Aerospace Report

By STAFF SERGEANT RAYMOND STAUBLEY
After more than two years absence, this column returns to the Torrance Press to keep residents of the Torrance area abreast of local developments which occur in and around the city pertaining to the U.S. Air Force, its mission in the area, local news on youths who are or have entered the Aerospace Force and the various assignment opportunities available.

Since our last editorial the local Air Force recruiting office has opened a new office in the downtown area of Torrance and can be located at 1616 Cabrillo Ave. With the expansion of the South Bay area, so has the staff of Air Force representatives assigned to the new office. Now, four area representatives are located at the new office which enable the Air Force to better serve the community. They are: Master Sergeant Duane K. Hetter, Technical Sergeant Clark B. Graham, Staff Sergeant Ramond Stauble and Staff Sergeant William C. Edwards.

In the past three months, 115 youths in the South Bay area have chosen training offered by Air Force and of those, approximately 80 percent were high school graduates. The Air Force policy of "Stay in School and Graduate" is a constant topic of conversation at the USAF Recruiting Office. Selective procurement is always of prime consideration in the eight different programs offered and to name a few are: Nurse Program, College Graduate Program, High School Graduate Program, Navigation Program. Complete information and up to date material advertising these and other programs are always available to interested persons. Next week this column

WIDELY-USED COINAGE Because of its resistance to wear and corrosion, its white color, and the ease with which it can be minted, nickel is a widely-used coinage metal.
