

THINGS TO SEE IN SOUTHLAND

The Death Valley 49ers Encampment, Pismo Beach's Clam Festival and Redland's Diamond Jubilee celebration top the list of things to see in the Southland this week. Here is the schedule of activities in the area for the period of Oct. 31 through Nov. 9, as compiled by the Automobile Club of Southern California.

"People of the Valley," an exhibit of textiles and costumes of the 1870's, will be featured at the Los Angeles State and County Arboretum during the month of November in Arcadia.

MARDI GRAS
The 31st Annual Barstow Mardi Gras will be held in this town on the desert near Calico ghost town Oct. 31. Features include a nighttime parade of bands, riders and floats decorated on the "Old Fashioned Mardi Gras" theme.

The Imperial Valley Rodeo and Brawley Cattle Call will be held Nov. 4 through 10. Featured will be a Sweetheart Ball Nov. 4, a Mexican Fiesta Nov. 5, a Western band competition Nov. 6, a Melodrama Nov. 7 and a public barbecue lunch Nov. 9 and 10. A rodeo will also be staged on the final two days of the event.

The Padua Hills Theatre, Claremont, will present "Bien Venidos a Mexico," a potpourri of songs and unusual dances of Old Mexico, through Nov. 9.

The 14th Annual Death Valley 49ers Encampment will be held in Death Valley National Monument Nov. 7 through 11. Featured will be special breakfasts Nov. 8, 9 and 10, a burro-flapjack contest Nov. 9 and dedication of two historical markers, one Nov. 7 and one Nov. 11. Special evening programs will be held daily along with guided tours of the entire Death Valley National Monument.

ANTIQUE SHOW
More than 60 antique collectors will participate in the Hollywood Antiques Show in the Hollywood Palladium Nov. 4 through 7.

Hours will be 1 to 10 p.m. daily.

The Imperial Gem and Mineral Show will be held Nov. 2 and 3.

Hollywood Park Harness Racing will be held through Nov. 16.

The Annual Allied Craftsman Exhibit will be held at the Art Center through Nov. 10 in La Jolla.

UCLA will play California Nov. 2 at 8 p.m. in the Coliseum.

The L.A. Lakers will play Cincinnati Nov. 1, New York Nov. 6, and San Francisco Nov. 8 at 8:30 p.m. in the Sports Arena.

The L.A. Blades will play Vancouver Oct. 31 and Nov. 2 at 8 p.m., and Portland Nov. 5 at 8 p.m. in the Sports Arena.

The Foreign and American Sports car Races will be held in Dodger Stadium Nov. 2 and 3. Both foreign and American sports cars will compete in races, which begin at 9 a.m. and last until approximately 5 p.m. on both days.

The 41st Annual Los Angeles International Auto Show will be held in the Pan Pacific Auditorium through Nov. 3, from noon to 11 p.m. daily. Over 400 models of the new 1964 car lines from seven countries will be shown. Also at the show will be cars of the future and educational and safety exhibits. Strolling musicians and top fashion models will be featured.

The Los Angeles County Museum will feature Fossil Freshwater Fish of Western America through Nov. 3. An exhibition of fossil fish from the Green River Formation, selected mainly from the prize collection of Robert L. Lynch, will be presented by the Vertebrate Paleontology Section of the Earth Sciences Division.

Featured at the same time in the Museum will be an exhibit of plan specimens selected from the award-winning collection of Mr. George Schrader. The Schrader collection, made in 1880, was exhibited 80 years ago.

HIGH SCHOOL STUDENTS RECEIVE RECOGNITION

Two Torrance High School students have received recognition in the National Merit Scholarship competition, according to Dr. Carl R. Ahee, principal.

Glen Mackett, son of Mr. and Mrs. James A. Mackett, 1617 Beech, Torrance, has received the National Merit Scholarship Corporation letter of commendation. Clara Hanes, daughter of Mr. and Mrs. Herbert Hanes, 1819 Santa Fe Ave., Torrance, achieved recognition for

scoring higher than any previous applicant from Torrance High School, and has been named a semi-finalist on the National Merit Scholarship test. The award places her among 13,000 seniors throughout the country who attained semi-finalist rank. The competitions were held in more than 16,500 high schools in 50 states and the territories.

Almost all semi-finalists will win the rank of finalist, National Merit Scholarship officials said.

Added Work Slated for Waleria Drain Project

The County Flood Control District has been authorized to spend \$75,200 for emergency work necessary to protect the Waleria storm drain project during the coming rainy season, Supervisor Burton W. Chace said today.

Under terms of contract awarded Sept. 25 of last year and supplementary agreement dated July 16 of this year, Radco Construction Co. has been constructing work required to complete the project following damage which occurred during the storm of Feb. 9 and 10.

Chace said that in addition to work required to be completed by Oct. 1 under the supplemental agreement, extra construction must be undertaken prior to onset of the rainy season.

This will involve drainage protection to the slopes and inlets at the basin, which is part of the project, and stabilization of a levee road.

In view of the proximity of the storm season, the work will be undertaken by

district forces under direction of Chief Engineer M. E. Salsbury, Chace said.

LETTERS

Dear Editor:
Mayor Isen's "so what" attitude on drunk driving correlates beautifully with his comments on "disowning the L.A. City Strip." He is apparently suffering from the misconception that Torrance can "go it alone."

The Torrance business "till" is being filled daily by residents of the L.A. City Strip, and if there is the slightest doubt in any professional or businessman's mind on this fact... let him hang a sign in his window stating he can exist without it.

I am in great sympathy with Mayor Isen—worrying about an attempt made on his life. However, I would imagine he should spend his time worrying about his personal appearance, Oct. 30, at the Compton Municipal Court. Perhaps there his "so what" attitude will not be treated lightly; and he'll find "it does not pay to mix alcohol and gas, even if you're one of the top brass."

Mrs. Shirley Finnell Strip Resident

EAGLE SCOUT Don B. Kinter, center, urges all men who earned the rank of Eagle Scout to call a special phone number, Hollywood 1-9345, and register. Joining him are D. Loring Marlett, standing, vice president and general manager of Great Lakes Carbon Corp., and vice president of the Los Angeles Area Council, Boy Scouts of America; and David D. Hurford, seated, director of public relations for Sears, Roebuck and Co., and member of the Boy Scouts executive board. Hurford was the first to call the special phone number. He earned his Eagle Scout Badge when he was 15. Each man who calls HO 1-9345 will receive a special booklet, "Trail of the Eagle," and an invitation to serve Scouting as an adult leader.

Four Students Attend Symposium Winter Color from the Tropics

Four West High School students were chosen to attend the Third Annual Junior Science Symposium at the California Museum of Science and Industry on Nov. 1 and 2.

West High were Jan Castenbader, Larry Lawton, Susan Pietz and Elaine Zielenski. They will be accompanied by Mrs. Robtrt Schultz, science teacher at West.

The two day conference features many well-known scientists as well as a tour of industry research facilities.

Dr. A. R. Hibbs, senior staff scientist, Jet Propul-

sion Laboratory, will address the group Friday on "Life on Other Worlds." On Saturday the students hear Dr. Edward Teller of the University of California and Dr. Paul Saltman of the University of Southern California.

INGROWN NAIL HURTING YOU?
Immediate Relief!
A few drops of OUTGRO bring blessed relief from tormenting pain of ingrown nail. OUTGRO loosens the skin underneath the nail, allows the nail to be cut and thus prevents further pain and discomfort. OUTGRO is available at all drug counters.

Dr. J. H. Hull to Participate In Social Science Institute

J. H. Hull, superintendent of the Torrance Unified School District, will take part in a social science institute for California school administrators November 10-13 in Carmel Valley.

The institute is the third in a continuing series developed to examine social science research findings as they relate to social problems and to educational policy. It is presented by the Department of Education and Education Extension, University of California, Berkeley.

This year the institute will be devoted to a study of decision-making policies and

practices. Lectures and case-study reports will be supplemented by discussion periods emphasizing the application of research material to educational administration.

Members of the faculty are Joseph Pois, chairman of the Department of Public Administration, University of Pittsburgh; Amit Etzionik, Department of Sociology, Columbia University; and University of California faculty members Oliver Williamson, professor of economics, and Harold Dyck, professor of education.
