

CHRISTMAS SEASON INCREASES HAZARDS

"Fire never takes a holiday — not even on Christmas," Battalion Chief Paul Schneider of the Los Angeles County Fire Department emphasized that it is particularly important we keep this in mind during the holiday season ahead. Many of our Christmas customs increase fire hazards in our homes and a careless, thoughtless art may cause a deadly fire.

This is the season, says Schneider when mothers doing last-minute shopping may be tempted to leave small children at home unsupervised "for just a few moments." Never, never leave them alone and unattended even for "just a few moments."

Minimum Hazard
You can keep fire hazards to a minimum in your home for Christmas by following

these suggestions from Chief Schneider:

Choose a fresh tree. Saw off the butt at an angle an inch or more above the original cut. Stand the tree in water from the time you buy it until you dispose of it. Set it away from radiators or fireplaces, and never where it might block your escape in case of fire. If you choose a plastic tree, be sure it is made of slow-burning materials. If it has a built-in lighting system, it should carry the underwriter's laboratories label. Metal trees will conduct electricity, so use only indirect lighting. Lighting strings on the tree may create a dangerous shock hazard.

Lighting
Decorative lighting should be used with care. Check lighting strings before using for frayed wires, loose connections and broken sockets. Never use wax candles on or near the tree. Turn off the tree and other decorative lighting before retiring or leaving the house. For outdoor lighting, use only sets listed for outdoor use by the Underwriters' Laboratories. Use noncombustible decorative

Realtor Throws Annual Party

More than 100 associates and their families of Taft Allen, Inc., Realtors, gathered at the Inglewood Elks Club to join in the Christmas party festivities.

The organization guided by Taft Allen, president, Kurt Schulze, vice president, and Ray Straeter, secretary, has opened an escrow and income department office at 109th St. and Crenshaw Blvd.

This firm was founded in 1952 with a single office and has henceforth grown into an organization of 5 offices with each office endeavoring to maintain the original concept which was principle of honor, confidence, service and cooperation. These concepts have evidently proven to be successful because the year of 1963 is closing with over 900 sales, amounting to over 22 million dollars.

The internal drive within

the Taft Allen organization can be attributed to the high caliber of sales people associated with the firm, the liberal commission split allowing up to 80 percent of the commission to the sales personnel, a special training program, and also the unconditional cooperation, a special training program, and also the unconditional cooperation with all Realtors.
