Bikes Put On Auction By Sheriff

Each year thousands of lost or stolen bicycles and toys are acquired by the Sheriff's Department.

A plan initiated by Supervisor Kenneth Hahn this week will put these to use in delinquency prevention programs.

Until this week, bicycles were auctioned off by the department. Some will continue to be auctioned, but the majority will be made available on a routine basis to the probation department for use by youth in MacLaren Hall and other probation facilities.

Hahn has suggested that bicycles and toys needing repair be sent to juvenile camps for use in vocational training, and other bikes provided to families receiving public assistance to help teenagers get jobs.

"This will enable youngsters in these families to have paper routes, run errands and other chores during the summer and after school, teaching them the value of employment and contributing to the well-being of the home," he said.

He has asked the Public Welfare Commission, County Counsel, Chief Probation Officer, Director of the Department of Charities and the Sheriff to develop and put into effect the program.

European Tour Set For Group

"An Evening in Europe, with Denny Flacy," will be the topic of the program of the general meeting of the Inglewood-South Bay chapter of Parents Without Partners, at 8 p.m. Friday at the American Legion Hall, 1424 S. Prairie, Hawthorne.

Flacy, who recently toured England, Germany, France, Switzerland and Italy on his vacation, will show slides and narrate the program. Refreshments and dancing will follow the presentation.

Parents Without Partners is a national organization of single parents, devoted to creating a better life for their children and themselves.

They meet regularly on the second Friday of each month at the Hall. Those interested in membership may contact Caroline Johnson, membership chairman, at PL 4-3832, or Ray Banks, president, 376-5653, for information.

The blind population of the United States is estimated at 405,000 persons.

PUT A TIGER IN YOUR TANK!

NEW HIGH-ENERGY ENCO EXTRA GASOLINE BOOSTS POWER THREE WAYS:

- 1 Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.
- 2 Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
- 3 Octane Power!** New Enco Extra has the high octane that most cars now need for full smooth performance without knocking. You'll get all these extras with New Power-formula Enco Extra gasoline—it puts a tiger in your tank!
