

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night. No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection. In one hemorrhoid case after another "very striking improve-

ment" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration. The secret is this new healing substance (Bio-Dyne*) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

Hall Named to Attend Lancaster Area Fly-in

Robert Hall, 3514 Beran St., has been chosen to represent the South Bay Area on the board of directors of the second EAA Western Fly-in to be held August 28, 29 and 30 at Lancaster's Fox Airport. It will be sponsored by the Experimental Aircraft Association, a national organization devoted to the designing and building of airplanes as a hobby. Hall has been appointed business chairman of the event. He will handle all matters concerning financial support of the Fly-in. At the first Western Fly-in last year, he was in charge of arranging the program. Hall is an electronic engineer with North American Aviation's Space and Information Division, Downey. He has lived in Torrance for eight years. IN THE EARLY 1950's, Hall helped design the first transcontinental television network in the United States, which transmitted pictures from New York to Sacramento. He was an employee of the Bell Telephone Laboratories, Murray Hill, N. J. For six years, Hall was a radar engineer with the Ground Systems Division of Hughes Aircraft Co., Fullerton. He is a graduate of the Valparaiso Technical Institute, Valparaiso, Ind.

YWCA Offers Workshop for Boys and Girls

A special four-week session for boys and girls 6 to 11 years of age will begin Saturday evening at the Torrance YWCA, 2320 W. Carson St., and continue through Saturday, Sept. 12. Activities will include an original play, creative dances, painting collage and stick drawings. The four weeks will end with a presentation of the workshop activities for parents and friends. Miss Lynn Larson and Miss Caroline Miller will direct the workshop. All four sessions will cost \$6. Parents are asked to call the YWCA for registration information.

Carson Estates Director Tells of New Development

Carson Estates is the closest G.I. new home development to the Los Angeles Civic Center currently being offered Southland home buyers, sales director Joe Spinnato said yesterday. "These unusually spacious one- and two-story homes are only 18 freeway miles from the Civic Center," Spinnato said. "They provide close-in comfortable living with the most favorable financing terms." VA financing makes it possible for eligible veterans to move into a spacious Carson Estates home with no down payment whatsoever. Only

small costs and imponds are required. Spinnato pointed out that with FHA financing, as little as 10 per cent down may be required with loans at 5 3/4 per cent extended for 29 years. On the conventional financing plan down payments as low as \$995 plus closing costs may be arranged. Carson Estates, Ray Watt's newest home development in the South Bay area, is located at the hub of three major freeways—the Harbor, Long Beach and San Diego. Prices on the homes start at \$23,995.

Furnished model homes in Carson Estates are open daily from 10 a.m. until dark at 220th Street and Vera, one-half block south of Carson. Telephone is 834-4871.

Gets MA Degree

Marjorie Towle Tussey, 17575 Yukon Ave., has received a master of arts degree from Middlebury College, Middlebury, Vt. She has been studying at the Middlebury College Graduate School of German, in Germany.
