

Extension Will Offer Jazz Class

Two special jazz concerts featuring Thelonius Monk and Art Blakey and the Jazz Messengers will highlight the University of California Extension course, "The Development of Jazz," scheduled for the first time this fall in Torrance.

The course, a non-technical introduction to the history of jazz, its origins, musical sources and evolution from the beginnings to the present day, is scheduled to meet from 7:30-9:30 p. m. Wednesdays, beginning Sept. 30 at Yukon Elementary School.

Enrollment in the course includes attendance at the Monk and Blakey concerts at Royce Hall on the UCLA campus. Dates for the concerts will be announced during class sessions.

Course instructors include jazz musicians Paul Tanner, Dale Brown and Graham Young, each of whom has played with outstanding groups. The course features live jazz, guest artists, demonstrations and field trips, lectures and tape recording sessions.

Persons interested in obtaining further information on the course may contact the Extension Office at North High School, 3620B W. 132nd St., or call DAVIS 3-4773.

Car Thefts Result of Temptation

More than 50,000 cars are stolen every year in California—and approximately one-half of these thefts are the direct result of owner carelessness.

"In just about 50 per cent of the cases, all the thief has to do is get in the car, turn the key—conveniently left there by the owner—and drive away," California Highway Patrol Commissioner Bradford M. Crittenden said. "You can help to reduce auto thefts by following three steps," the commissioner said.

- Always take your car keys with you (and don't forget to lock the ignition if you drive a model in which the ignition can be left in an open position).
- Lock your car, including the wind wings.
- Park in a well lighted area.

It is also advisable to spray the ignition system with plastic, which prevents use of a jumper wire or metal foil to short circuit the system; and to punch out identifying numbers on car keys, after first recording the numbers at home. This will make it more difficult for anyone else to duplicate your keys, the commissioner said.

Fossil Skulls Now on Display

Twenty fossil skulls and a rare skeleton of an extinct burrowing beaver are now part of the Los Angeles County Museum collections on public display. The fossil remains were unearthed in South Dakota by Dr. J. R. Macdonald of Santa Monica.
