

BUTTON HAPPY . . . Los Angeles businessman Joseph McGee poses with thousands of buttons from elections dating back to the time of Washington. McGee's collection, and those of several other California hobbyists, will be displayed through Great Western's eight branch offices during the reinvestment period ending Oct. 12. The South Bay office of the financial institution at 17400 Hawthorne Ave. also will feature historical items from the collection of Warren Lee, instructor of Government at Lynwood High School.

Aquarium Club Sets Annual Fish Display

The annual show of the Harbor Aquarium Society will open Friday at the Cabrillo Beach Marine Museum for a three day run. Aquarium displays by society members of the Southern California Guppy Assn. will feature a wide variety of tropical and marine fish. The more unusual specimens will include an electric eel, African lung fish, electric catfish, kissing Gouramis, the bettas or Siamese fighting fish, and Piranhas the man eaters of the Amazon. Members of the society will be present to answer any questions. The museum, which features many items of sea lore, is open from 9 a.m. to 5 p.m. daily without charge to the public. The booklet "Interior Decoration for Veterans Administration Hospitals," can be obtained at the Government Printing Office, Washington, D.C., for 40 cents a copy.

AT RAMBLER SHOW . . . T. A. Coupe, left, American Motors vice president, chats with Al Ortale, Torrance Rambler dealer, during Premier Dealer Display of 1965 line at Las Vegas recently. The Al Ortale Rambler showrooms are at 20710 Hawthorne Ave. and at 1885 Torrance Blvd. in Torrance.

Warrior Frosh Elect Officers

Rhonda Fleming has been elected president of the freshman class at West High for the fall semester. Other freshman class officers include Paul Brisco, vice president; Judy Bledsoe, secretary, and Dennis Reece, treasurer.

Parents to Learn New Math In Special Evening Classes

Confused about the new math? Arrangements have been made by the Torrance schools to try and eliminate that confusion through a series of modern math classes for parents. The classes will be taught by Torrance teachers beginning this month and will be held at each of the district's elementary and high schools. The new state textbooks for modern math were introduced this year in the first, second, and seventh grades. All other grade levels will use the new books next year. The special adult education classes will last for about six weeks and continue until all parents who wish have completed the course. Parents will be notified of the location and time of classes in their area as soon as all arrangements have been completed.

Stamp Club to Meet

The Torrance Stamp Club will meet Monday at the Scott Park Community Building, 23410 Catskill Ave., Wilmington, at 7:30 p.m.
