Custom designed flower arrangements will be made at the Foods Co. Market, 26655 Pacific Coast Hwy., during the next two weekends.

Customers pay only for the flowers from a wide selection of plastic flowers. A special flower arranger will be available to help select flowers to fit into any room setting, and to arrange the flowers.

The arranger will be at the market from noon until 9 p.m. today through Saturday, and again next Tuesday through Saturday.

Customers may provide their own containers or purchase a planter vase from the Foods Co. selection.

Writers to Hear Gordon Team Friday

"Bread and Butter Writing" will be the subject of the Gordon Gordons, suspense writers, at the Friday meeting of the Southwest Manuscripters. The meeting will be held at 8 p. m. at Clark Stadium, 861 Valley Drive, Hermosa Beach.

Mildred and Gordon Gordon have created 12 novels for Doubleday, and their books have sold 10 million copies, including reprints. Six have been filmed.

Their latest suspense-humor tale is "Undercover Cats," a story about a cat which the FBI must follow to solve the crime. It was sold in manuscript form to Walt Disney for \$125,000 and the film will star Hayley Mills and the cat from "Incredible Journey."

Coffee hour will follow the meeting and is open to all interested persons. Further information is available by calling Carrie Blanchard at 374-6266 in the evening.

WHS Teacher Cited 'Most Influential'

Robert Schultz, a science teacher at West High School, has been named as "the person most influential in the development of my career" by an award-winning science student.

Miss Rhea Keller, currently enrolled at the University of Rochester, in New York, recently won one of the Ford Future-Scientists of America awards and was named one of the winners in the Westinghouse Science Talent Search.

She is quoted in the September issue of the "Journal of the National Science Teachers" as attributing her interest in science to Schultz, one of her former teachers.
