

Las Colinas Wins Prize For Riviera Development

Las Colinas Garden Club of Palos Verdes-Riviera held a new members tea at the home of Mrs. Irving Lessen, 4806 Via Soreno, Torrance. Assisting Mrs. Lessen as co-hostesses were Mmes. Lawrence Wilcox, William Doty, Matthew Melwing and Ray Hogan.

The highlight of the tea was the presentation by the Richfield Oil Co. of a check for \$50 and an engraved plaque. These prizes were won by the Las Colinas Club last spring for conservation and roadside development.

Mrs. Meredith Abramson, president, said that the \$50 check would be used to purchase shrubbery for the

new entranceway to the Riviera district, which will be erected by H. Kissel at the foot of Vista Montana. The designer of the new entranceway, Richard P. Gawne and Mrs. Jack Bennett, Harbor District Director for California Garden Clubs, Inc., were honored guests at the tea.

Las Colinas Club has undertaken many activities for the beautification of the Riviera district. Among these have been the procurement of the planting and shrubbery at Los Arboles Park (formerly Space Park) and the trees and planting alongside Vista

Modern Times GARAGE

In this day and age . . . SHOULD GARAGES BE FORCED TO HIRE BLACKSMITHS?

No more than railroads should be forced to hire firemen on diesel freight locomotives where there are no fires to tend nor coal to shovel.

It would cost you money every time your car was in the garage if garages had to hire featherbedding blacksmiths.

And it costs you money every day in higher freight rates on the food and goods you buy because an old horse-and-buggy-days law requires California railroads to hire featherbedding firemen.

Proposition 17 repeals that costly, outmoded law. Proposition 17 makes it possible for California to put into effect the national transportation settlements—worked out by Congress and Presidents EISENHOWER, KENNEDY and JOHNSON—which eliminate wasteful featherbedding in the railroad industry under terms that insure maximum job protection, yet retain two men in the cab of all trains.

Keep California competitive . . . END WASTEFUL RAILROAD FEATHERBEDDING!
