Celebrates 35th Year With Bank

Thirty-fifth anniversary with the Bank of America is being celebrated this week by Vincent A. Bauchiero, manager of the bank's Lomita-South Torrance branch.

Bauchiero has managed the Lomita-South Torrance branch since 1960. He previously held posts at the Ninth and Main, Western-87th and San Pedro branches.

President of the Harbor City-Lomita Lions Club and past president of the Lomita Chamber of Commerce, Bauchiero is on the advisory board of the Harbor Salvation Army. He is director of the United Crusade in the South Bay and a member of the Crusade's General Administration and Budget Committee.

Army Spe. 4. Jack A. Lawson, 18, son of Charles Lawson, 205 Calle Miramar, and other members of Company D of the 25th Infantry Division's 65th Engineer Battalion, participated in road construction and military training exercises in Hawaii.

Lawson, a heavy truck driver, entered the Army in January 1963. He attended South High School.

The Board of Education has adopted a resolution favoring the passage of Proposition 2 on the November ballot. The bond issue, if adopted by the voters, would provide \$380 million for construction on campuses of the state colleges, junior colleges, and the University of California. Mrs. Kenneth Watts, sec. ending the motion, said the bonds "are tremendously important for the development of the new state college at Palos Verdes."

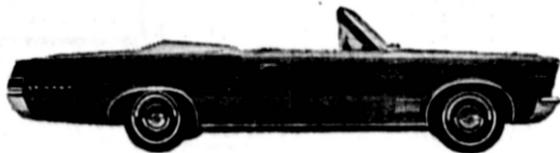

2¢ DRIES A HEAP OF BLUE JEANS—OR ANY WASH— And isn't it nice that a Gas Dryer costs less to install in the first place? Most homes use gas for cooking and heating. In these homes, installation of a Gas Dryer is easy, and saves you plenty—could save you up to \$150.00. With lifetime burners, it's only natural that a Gas Dryer requires less maintenance. Fast? Nothing's faster. And this means your Gas Dryer keeps pace with your washer. Treats clothes with more consideration, too. That's because a Gas Dryer offers a wider range of temperature controls for more different fabrics than any other kind of dryer. See the new Gas Dryers at your appliance dealer's soon. He'll show you what a big help a new Gas Dryer can be.

Pontiac invented a machine that manufactures fun. Here's the new refined and polished version of their invention—the '65 Pontiac Le Mans

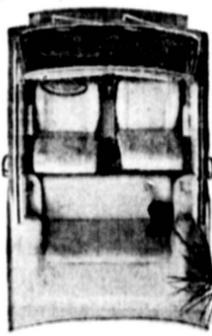

The Le Mans could go to show you that good looking cars and back-breaking payments every month don't always go hand in hand.

It's a hardtop, a sports coupe, and a convertible—all 2-doors, bucket-seats, and slathered all over with thick carpeting.

There's also a special new model we've just brought out this year—the 4-door Le Mans—for those who dig the Le Mans look but need bench seats and a whole bunch of doors.

The standard Le Mans engine is a 140-hp in-line 6. Next one up is a regular gas 250-hp V-8. Then comes the big-voiced one, the premium gas 285-hp V-8. Try one. You've got nothing to lose but the habit of buying dull cars.
