

Modern Math Classes Reason For High Adult Enrollments

Enrollment figures in adult education classes in the Torrance Unified School District this semester are soaring beyond anything the district has ever experienced, according to Raymond Collins, principal of Torrance Evening High School.

Reason for the dramatic upswing in attendance is this year's new offering, modern math for parents. With modern math already under way at nine of the district's 38 schools, enrollment in this course alone during the first week of class accounted for one-fifth of the total enrollment in the district's 81 adult courses.

654 parents enrolled in the new math classes. Classes at 26 other schools will begin within the month. If enrollment at the first nine schools is any indication of the total picture, the modern math enrollment figure will probably run well over 2,000 before the courses are finished, according to Collins.

Total enrollment in the other 81 adult education classes is 2,721.

Purpose of offering modern math classes at every school in the district, according to Collins, is to "bring the program to the parents in the area where they live." If enrollments continue to exceed expectations additional sections will be opened.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improve-

ment" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 year duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H®. Ask for Preparation H Suppository (convenient to carry if away from home) or Preparation I Ointment with special applicator. Available at all drug counters.
