"Jump!" the crowd yelled

The disturbed man clutched the roof of a tall office building. "I certainly hope he jumps soon," one girl said. ". . . or we'll miss our bus." Others in the crowd made bets on whether the man would or would not. Then the crowd—becoming a mob—began to chant, "Jump! Jump! Jump!"

Fiction? It really happened—just recently and more than once.

What's happened to our standards, you may well ask, when humanity becomes so

callous about a single human life that its shocking destruction is looked on as no more than a casual thrill? *What's happened to us?*

More important: what can you do about it? You and your family build and strengthen your faith through regular worship. And your faith can be a vital force when you take it abroad into the world, applying it in every way you can toward your fellow man all the time.

Worship this week . . . put your faith to work all week.
