Waldrip Plans Oakland Trip

S. E. Waldrip, assistant superintendent of schools for business, will attend the School Business Executives' meeting Dec. 11. The group will meet in Oakland, Calif.

(Continued from A-1) facilities, and alterations to the administration building.

Waldrip said that present plans call for preparation of plans in time to advertise for bids next spring. He warned, however, that the projects may be constructed in phases because of the "tight" situation now prevailing in the district's building fund monies.

Normal gains in assessed valuation in the district—the factor which governs the ability of the district to construct new classrooms—were not recorded this year, Waldrip said, and other areas will need some attention.

At the same time, board members authorized the preparation of plans for additions or alterations at South High, Torrance High, and Adams, Calle Mayor, and Towers Schools.

Thanks!

The magnificent 1965 Cadillac is once again in production. Our thanks to those unprecedented numbers of people who have already placed their orders. Their patience will soon be rewarded.

All eleven models of the great 1965 Cadillac are once again coming off the production line—and into showrooms. We regret that production had to be delayed more than a month following the announcement of this great new car. For we know the inconvenience that it caused the thousands of devoted Cadillac admirers who have placed their orders. But patience is seldom as richly re-

warded as it will be for those who take title to this magnificent automobile—easily the most exciting Cadillac in history. Its new beauty and luxurious interiors surpass even traditional Cadillac standards. Its many personal options have made it the most desired automobile of all time. And its new handling ease must be experienced to be believed. See and drive this great car soon.

So new! So right! So obviously  *Cadillac*
