Military Rites Held for Airman Ronald Adams

Full military services for Airman 3/C Ronald B. Adams Jr., son of Mr. and Mrs. Ronald B. Adams Sr. of 17015 Ainsworth Ave., were held Dec. 6 in Emlenton, Pa. Airman Adams was enroute to a new assignment in Germany. He was suddenly taken ill while visiting with relatives in Pennsylvania and died following surgery. He had enlisted in the Air Force in May, 1964, and completed basic training at Lackland Air Force Base and Amarillo AFB, Texas. He had been employed at Better Foods Co. prior to his enlistment. The 19-year-old airman was a 1963 graduate of North High School. He also was a former Press-Herald carrier. Burial was in a family plot at Emlenton Cemetery.

Widows to Begin Hike In Pension

Monthly VA pension payments to widows of war veterans will be increased this month, according to Supervisor Burton W. Chace. The pensions will now range from \$27 to \$63 a month for widows without children and \$43 to \$80 for those with one child, depending on the amount of outside income. For each additional child, \$15 a month is added. Income limits for pension eligibility are \$1,800 annually for a childless widow and \$3,000 if the widow has children. The veteran need not have been on pension at time of death for the widow to qualify. He must have served at least 90 days on active duty, part of which was during wartime, and have been honorably discharged. The increases in widows' pensions are a result of an amendment to the Veterans Pension Laws passed by Congress. Further information may be obtained at the Long Beach and Compton branches of the County Veterans Service Office, 415 W. Ocean Blvd., room 301, and the Compton office, Tuesdays and Wednesdays at 212 S. Acacia, room 204.

Garden Checklist

1. The new All-America rose selections are at your nursery now, freshly dug and ready for planting. Look around your garden and see how many ways you can use roses in your landscape plant, and choose among the sparkling new varieties. Buy your bare-root roses early while the selection is good.
2. Try to complete dormant pruning and planting this month. A pruning guide, available at all nurseries, will lend a helping hand with this important step to garden beauty. Make sure your pruning shears are sharp before you start. It really pays to get a good pair in the beginning.
3. Make thorough application of dormant spray to deciduous plants and trees as soon as you finish pruning.
4. Shade trees should be planted now, not later when you think of their shade. Bare-root stock is easier to handle and will make a fast start in the spring if their roots become established now in the winter rains.
5. You can get some good buys in spring-blooming bulbs now. Put them in immediately for a good show of bloom this spring. Tulips, hyacinths and daffodils are the big ones.
