About Cars and Things by Ray Vane

Looking at ads for cars, particularly at this time of the year, is pretty bewildering. All those figures about how much can be saved, or how little a month payments can be, somehow don't seem believable. Even our own ads, which we know to be genuine are like the fellow who had the wife who was "too good to be true."

Some things we do know. There are an awful lot of 1965 cars to be sold. Everyone reads about how good the automobile business is — but that is nationally. In California, total sales this year of all makers have been slightly lower than a year ago. That's not bad, actually, but the Watts fiasco put a big damper on sales. In our case, we have about 2 1/2 times as many new 1965 cars as we should have. So, it only makes sense that we be making an all out effort to sell at a basis favorable to you.

Supply and demand. That is what determines prices. Lord knows we have the SUPPLY. How about YOU furnishing some DEMAND. You can find us and that BIG stock at 2909 Pacific Coast Hwy., Torrance. If you CAN'T find us, call us at 326-0873 and we'll find you. We need you NOW.

No Point In Showing You a Used VW. They All Look the Same.

That's the nice thing about buying a used VW. A used one looks almost like a new one. Drives like new, too. Each car on our lot has been re-conditioned, tuned-up, tightened-up, washed and polished (inside and out).

Stop by. Pick out the model year you like. Drive it. The only thing you'll like better is the price.
