Party Planned to Boost Lyman for State Senate

Torrance Councilman David K. Lyman will be honored at a party to be held Sunday, Oct. 24, from 3 to 6 p.m. at the Jamaica West, 3901 W. Pacific Coast Hwy.

The party is being sponsored by the Citizen's Committee to Elect David K. Lyman State Senator, according to chairman Leo F. X. Salisbury.

"The affair is a grass roots demonstration that the people in Lawndale, North Redondo Beach, Torrance, Lomita, and Wilmington feel they are not being adequately represented in the State Legislature and that Councilman Lyman would do an effective job in representing this area," Salisbury said.

Salisbury said the committee was formed with "the idea of seeing if there was sufficient support outside of the Torrance area to wage an effective senate campaign." He said the reaction "has been most favorable."

"Councilman Lyman can wage a successful campaign if he chooses to run," Salisbury said. "I hope all citizens of the area who have an interest in the effective, responsive state government will attend our party so they may meet and talk to Councilman Lyman and judge for themselves the merits of his candidacy," Salisbury concluded.

The party is an informal affair with dancing and entertainment. A donation will be asked to cover the cost of the party.

The film, financed by personal contributions of the Heart Association's board of directors, tells about the unhealthy impact of heart and circulatory disorders and what the association is doing to combat these problems. Braniff of 1129 W. 213th St., explained that the film is narrated by sportscaster Vince Skully and is available to any group, organization, church or school in the area by telephoning the Southwestern Heart office, 371-3591.

Trade Expansion Topic For Meeting at Chamber

The Torrance Chamber of Commerce will inaugurate a series of export expansion conferences at a meeting of management representatives of manufacturing and processing firms to be held at the chamber building on Thursday, Nov. 18.

The program will be held in coordination with the Los Angeles field office of the U. S. Department of Commerce. Jack Kokahr, assistant to the director of the Los Angeles office, will chair the program and will be assisted by a panel of marketing experts.

"This meeting is extremely important and can have strong impact on the Torrance area economy," Chamber President Bruce Jones said.

"Exports have become a very important factor in the U.S. economy. This country has a foreign balance of payment problem—a yearly dollar deficit—that is the main cause for our dwindling gold reserves," he added.

"The natural way toward a

solution to this problem is to expand our exports to foreign markets. Increased exports will create more jobs and greater income for business," Jones said.

The meeting will review techniques on how a firm sells abroad and the range of services offered businessmen by the Department of Commerce.

The seminar will begin at 9:30 a.m. and end about noon. Any firm interested in participating in the program should telephone the chamber offices, 328-2314.

TRUSTEES authorized, but did not instruct, the Campus Planning Committee to end negotiations for purchase of the Dominguez site if three conditions can not be met.

The conditions imposed by the board include: • Elimination of a proposed freeway route which cuts through the eastern edge of the site.

• Screening of oil wells north of the campus through the use of trees. • Rezoning by the county of land north of the site which is now zoned for manufacturing uses.

THE DOMINGUEZ site is bounded by 190th and Victoria streets, Avalon Boulevard, and Central Avenue. The Dominguez Estate Co. and the Carson Estate Co. own the land.

Selection of the Dominguez site was recommended by State College Chancellor Glen S. Dumke, who, along with most of the trustees, agreed the site "is less than ideal." Imposition of the three conditions, and possible difficulties in purchasing the land will keep the door ajar for some other site until the site actually is purchased by the state.
