To Our Customers . . .

Our Heartfelt "Thanks" for your generosity and support in making this the biggest and finest year Nader's has ever had. May this, "Our Prayer," bring a new thought from our family to yours.

Dear Friend,

Try spending a week praising God every day as often as you remember! Let your prayers be nothing but praise and thanksgiving to God for one week! Praise Him for past blessings . . . the good things He has done . . . Things long since forgotten but for which you were thrillingly grateful at the time. Praise Him for health and strength . . . which you've taken for granted . . . as though you keep your heart pumping 75 times a minute . . . as though you operate the bellows that suck clean oxygen in . . . drives waste out. Praise God for the remarkable body He gave you!

Praise Him for the sunshine . . . the rain . . . the clouds . . . the cool breezes . . . the heat . . . brooks and streams and rivers and lakes and oceans. Praise Him for the mountains . . . the valleys . . . the grass and trees and flowers . . . the birds and animals and fish . . . Praise Him for the fabulous beauty He has lavished upon the world for you . . . the bountiful resources He put here for you to enjoy and develop.

Praise God for your family . . . your neighbors and friends . . . Praise Him for your business . . . your job . . . for you co-workers . . . your colleagues . . . your subordinates. Praise Him for work to do . . . for responsibility . . . for duty . . . for products to sell.

Praise Him for clean sheets between which to sleep . . . for three square meals a day. Praise Him for plenty and for want . . . for supply and for need . . . for prosperity and poverty.

Praise Him for the unexpected . . . the planned . . . the delights . . . the disappointments. Praise God for danger and difficulty . . . for testing, trials and tragedy . . . for hazards and hurdles . . . for obstacles that season and temper you . . . for competition that exercises your faith and builds muscle in your character . . . and keeps you from getting soft and lazy and complacent. Praise Him for the trouble that knocks whine and self pity out of you . . . that puts a cutting edge on your life . . . makes you sharp . . . alert . . . sensitive . . . on your toes. Most of all praise God for Himself! For His love . . . His mercy . . . His grace . . . His goodness . . . His justice . . . His integrity . . . His perfection! Praise God because He is!

Offer God "sacrifice of praise." That is, praise Him when you don't feel it . . . when circumstances are dead against you. Praise Him because you know that however you feel, what ever the circumstances, GOD IS GOD . . . eternally . . . unchanging . . . unimpeachable!

(P.S.: Dear God, please bring our new baby into the world healthy and strong. Sorry we had to use last year's photo but I'm sure you understand.)

Nader's Furniture Stores will be closed Thanksgiving Day to allow our salespeople and their families to be together on this day of thanks. Nader's Gardena, Nader's Torrance, and Nader's Redondo will be open Daily 9 a.m. to 9 p.m. Saturday 10-6. Sunday 12 noon to 6 p.m.

Who has the extra-smooth texture in meats for your baby?

Gerber...of course!

The smooth texture and moist consistency that make Gerber Strained Meats particularly palatable to your baby come from a special cooking process developed by Gerber and Armour.

Gerber Strained and Junior Meats are made from cuts carefully selected by Armour. Most of the fat is removed. Then, each meat is scientifically processed at the temperature and cooking time best suited to the individual type of meat.

This "custom-cooking" helps preserve nutritive values, and retains savory meat flavors that are sure to please your little one. But isn't that typical of the extra care you get—from a company that specializes in good things for baby?

Babies are our business...our only business!
