Delta Delta Delta Announces

Sleigh Bell Fashion Event

Delta Delta Delta sleigh bells will ring out this year on Dec. 7 when the sorority's alumnae stages its annual "Sleigh Bell" luncheon and fashion show in support of research in blood disorders at the Children's Hospital.

"Belles Elegante" is the theme of the brilliant social benefit, which will be held in Coconut Grove at the Ambassador Hotel. Carrying out the theme will be crystal prisms on the gilt candelabra decorating each table.

Saks Fifth Avenue is preparing an exciting adventure into elegant fashion with D. Earle Memroy again serving as master of ceremonies.

Mrs. Albert Miller of the Los Angeles Westside alumnae will preside over the festivities as president of the Delta Delta Delta Medical Research Committee. The extensive planning and arrangements are being handled by committees headed by Mmes. Harold Hough and D. L. Young of Long Beach; William Dudley and R. H. Brooking of Westside Chapter; C. B. Scott of Arcadia; Dirk Kraayeveld of the South Bay; Roger Baldwin of Whittier; Bruce W. Keller, Westchester; Alton Layne, San

Fernando Valley, Katherine Hall, Pasadena and Louise Newton, Los Angeles Central Chapter.

Among the patronesses to be honored are Mmes. Robert T. Osborn, Walter E. Martin, Robert H. Randall and James S. White, all of the South Bay area.

As South Bay Alumnae chapter's contribution to this worthy but gala occasion, the members have attended workshops during the past six months in order to create the 144 table centerpieces and decorations. Heading this committee are Mmes. Walter Uptegraff Jr., of Hollywood Riviera and Dirk Kraayeveld, Manhattan Beach.

Since its inception nineteen years ago, Tri-Delta has donated more than \$130,000 for research in hematology, and as a result great strides have been made in combating not only leukemia but other blood diseases of which children are victims. In only two other hospitals in the United States are there programs comparable in scope to that in Los Angeles, and through support from the annual Sleigh Bell luncheon, it is hoped that these diseases will eventually be eradicated.
