"MY FIGURE IS SHAPelier THAN THE DAY I WAS MARRIED"

AS WRITTEN BY MRS. JACKSON

For the greater part of my life I have been underweight. Then I began putting on three or four pounds a year until I was just too many pounds overweight. Being small boned, I looked even heavier than I was.

Previous to trying the Kirby System I spent time, money and much effort on steam baths, a medical weight control program, exercising at a gym, and many different diets—with no results.

When I saw an ad in the paper for the Kirby System, stating they gave a guarantee, I took a trial treatment and started the program.

Perhaps I'm more delighted with the results than the average person because of the other methods I'd tried without success. The treatments are relaxing and pleasant to take and they really work. Also the honesty of the company has really impressed me. It's amazing that they can give a guarantee on something as intangible as weight and inch loss—but they do. My trimming and toning treatments have been without charge because it took me a little longer than expected to lose the inches and weight I needed to.

I sincerely recommend the Kirby System to anyone, and I know they will be as delighted with their new figures as I am with mine.

(Signed) Peggie Jackson
