

Lomita Seeks Bids for Improvement of Streets

Bids on a one-year contract for the construction of curbs, gutters, and sidewalks on select street systems in Lomita currently is being solicited, according to Mayor Clyde Bernhardt.

The program, initiated last year by the Lomita City Council, initially called for construction of curbs, gutters, and sidewalks along Eshelman Avenue. Response of the residents, however, caused councilmen to expand the program to include other streets in the city.

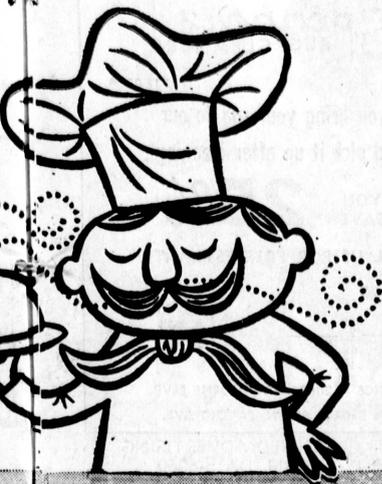

Under terms of the program, property owners only need dedicate the right-of-way and pay a cost of \$2.50 per lineal foot for the curbs, gutters, and sidewalks, and one-third the cost of driveway approaches.

All other expenses will be paid by the city from its regular state gas tax allotments. Currently, the program includes Lomita and Crenshaw boulevards, Western, Pennsylvania, and Narbonne avenues, Appian Way, Bland Place, Walnut Street, Ebond Lane, and 250th, 255th, and 262nd streets.

"By 1980, it is estimated that the number of vehicles using our city streets will double," Bernhardt declared. "The traffic problems that this city now faces will grow to enormous proportions unless we now recognize the problems and provide the proper support for solutions."

"Lomita's biggest problem is her streets," he continued. Bernhardt said the current program could be completed in four or five weeks at a cost of \$4,500—compared to a county estimate of four to five months and a cost of \$12,000 to \$15,000. The one-year contract will include all select system streets for a fixed price. Work will be done on an "as needed" basis.

Graduates of Roosevelt High School of 1936 are being sought to celebrate a 30-year class reunion. Further information is available by contacting Mrs. Eugene Kompaniez, 3363 Colbert Ave., L.A., VE 7-3317.
