**MILANO**  
by *Thomasville*

Furniture styles come and go, but the patrician restraint of Classical Italian is always in good taste. How proud you'll be with Milano. And later, if you veer toward another type of design, you'll realize how practical you've been in your choice of Milano, for it blends with many other styles and periods. All bedroom pieces in Corona Cherry finish, a luxurious warm brown with a deep patina, or a beautiful light misticque finish to brighten any bedroom.
