

### Area Man Graduates From Class

Karl S. Evans of Manhattan Beach recently graduated from Southern California Edison Co.'s Substation Operator's School at Alhambra, according to L. E. Jenkins, district manager.

Evans is a member of the school's 197th graduating class. He received an intensive four-week course in substation operation. The training includes the theory and practice of operating, proper safety procedures, and instruction in telephone and radio communications.

Since its inception, in 1950, the school has been recognized by utilities throughout the nation as the best of its kind in both equipment and method of instruction, Jenkins reported.

"The school dwells heavily on actual practice in various operations which are actually duplicated on modern substation equipment, and was designed to make a valuable contribution in support of our policy of maintaining a high standard of service to our customers," Jenkins said.

Evans is employed as a first operator at La Fresa Substation in Torrance.

### Realtors Add New Members

The Torrance-Lomita Board of Realtors at their Wednesday membership meeting inducted 50 new members.

Brokers accepted as Realtor members of the board include: Everette E. Eaton, Eaton Realty, 3970 Pacific Coast Hwy.; Austin J. Grogan, Grogan Mortgage Co., 18041 Crenshaw Blvd.; William N. Quient, Bob Norman, Inc., 2802 W. Redondo Beach; Ernest R. Corvo, Active Realty, 4444 W. El Segundo Blvd.; Hawthorne; Robert James Enright, Alvin Grancell, 3810 Pacific Coast Hwy.; Richard T. Giltner, Community Realty, 4864 W. 190th St.; John J. King, Jr., General Realty, 23639 S. Arlington and Ralph L. Rudie, Alter Insurance, 2305 Torrance Blvd.

The board accepts an average of 40 new members each month to make it one of the fastest growing realty boards in the state. Present membership stands at 1,100 brokers and salesmen, according to board president Albert Z. England.

### NAA Charter Will Go to Area Chapter

The formal charter of the newly formed Palos Verdes-Torrance Chapter of the NAA will be presented to the group by Colin Stillwagen, president of the National Association of Accountants, at a presentation dinner Tuesday at the Jump 'n Jack Restaurant.

The organizing committee is headed by Gil Mohr of Rolling Hills. Members of the committee include Fred Mill, Harlan Moor, Merlyn Johnson, Derwood Heckler and Benny Haguewood, all of Torrance, and Jason Terry of Palo Verde.

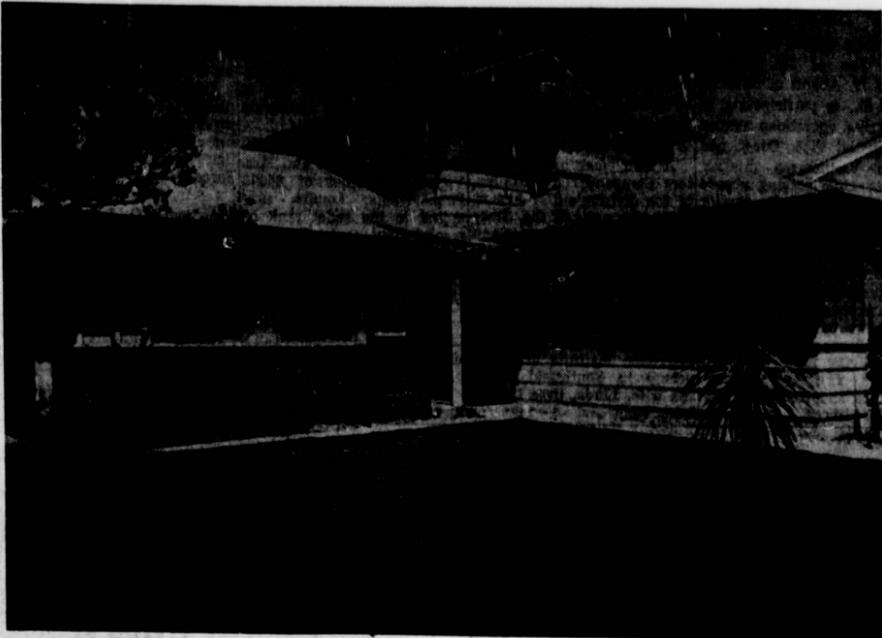

### Round Table Elects Head

John P. Burch, vice president and manager of the Crocker-Citizens National Bank, was elected charter president of the Redondo Beach Round Table at the group's organizational meeting.

The Round Table is a group of 60 civic leaders selected by their fellow citizens to study, investigate and promote local self government and the problems facing the community. The project is a "Pilot Study" being observed nationwide.

### 'Hire Vets Week' Set May 9-15

"Hire a Veteran Week" will be observed throughout the Southwest area this week, reports John M. Taylor, chairman of the Torrance-Gardena Veterans Employment Committee, and June C. Roper, manager of the Torrance office of the State Employment Service.

The annual observance is endorsed by Governor Edmund G. "Pat" Brown.

Slightly less than 2 1/2 million veterans now live in California, Taylor says. The veterans constitute about one-third of the state's labor force.

More than 200,000 veterans registered for work in the state employment service in 1964, Taylor said. "That means an awful lot of veterans looking for work," he said.

Taylor said employers could place job orders with the Torrance office of the employment service, thereby exposing themselves to the largest file of qualified job applicants in the community labor market.

### Urge Hike In College Salaries

A resolution of support for increased salaries for state college instructors has been adopted by the Advisory Board of the California State College at Palos Verdes. The resolution urges the legislature to take immediate action to bring salaries into the competitive position they held in 1956-57.

Dr. Glenn S. Dumke, chancellor of the state college system, told members of the advisory committee the state colleges are faced with the possibility of refusing admission to thousands of eligible students because of a lack of qualified faculty members.

It is not possible to adequately staff the colleges at the present salary levels, Dr. Dumke told the board.

The resolution, authored by Mrs. Kenneth E. Watts, urges an across-the-board hike of 15.8 per cent over current salaries. Such an increase, Mrs. Watts said, would bring salary levels into a competitive position with salaries being paid by other institutions.

## Carson Estates Still Has Few Models in First Unit

"We still have a few of the popular four-bedroom homes available in the first unit of Carson Estates, but they are going fast," warns sales director Don Leahy.

Available for immediate occupancy are two popular two-level homes built by Ray Watt.

Families seeking a two-story home can choose either the "Clipper" with its one bedroom downstairs and three upstairs arrangement or the "Corvette" plan with two bedrooms upstairs and two downstairs. Both models have two baths and a family room.

**THE DETAILING** of the widely-varying exteriors gives Carson Estates the exclusive "custom look." Exterior styling ranges from provincial and early American to contemporary and Hawaiian modern.

Carson Estates is centrally located at the hub of three freeways—the Harbor, Long Beach and San Diego freeways on Carson—at Vera streets. The Los Angeles civic center is only 18 miles away via freeway.

All Carson Estates homes, regardless of size, are eligible for GI financing. The homes range up to 1,794 square feet of actual living space.

**PRICES OF Carson Estates** homes start at only \$26,495.

Included in the balanced-power kitchens are built-in gas range and oven, dishwasher, and food waste disposer. The homes are carpeted wall-to-wall throughout. Fireplaces are equipped with a gas log lighter. Filtered forced-air gas heating is another feature of Carson Estates fine homes.

Three models, all attractively furnished, are located at just one-half block south of Carson Street on Vera Street. The models are open from 10 a.m. until dark daily.

## Why You Can Afford New Translucent\* Dentures at Dr. Campbell's

\*Made with translucent teeth and translucent denture material the kind which do not have the telltale hard brilliance formerly characteristic of artificial teeth . . . accepted by dentists as the finest for making dentures, the closest imitation of natural teeth.

## How the Savings Bonds you buy help our State grow

—a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in Series E and H Bonds . . . money that will someday be spent in worthwhile ways and help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.
