

Singers to Enroll in EC Chorus

Music department courses at El Camino College for the six-week summer session will include a summer chorus program open to all interested singers.

The course, titled Music 55, is under the instruction and direction of Crist Mikkelsen, director of the El Camino College Community Choir and Men's Glee Club.

Class meetings for the chorus are on Monday and Wednesday evenings from 7:30 to 9:30 during the six-week span of June 23 to August 4.

A summer concert in the music patio will complete the course work. Music planned for the session will include selections from "Fanny," "Oliver" and "Music Man" as well as spiritual and folk music.

General registration for all El Camino College summer courses will take place June 21, from 1:00-3:00 p.m. and 5:30-7:30 p.m. for currently enrolled students and on Tuesday, June 22, at the same hours for new or former students.

Voters Okay Use of Gas In Viet Nam

Use of nonlethal gas in South Viet Nam was approved by nearly half of the first 10,000 persons replying to a question on the subject, Congressman Alphonzo Bell (R-Calif.) reported this week.

One of six questions asked of voters in his 28th Congressional District, the use of nonlethal gas was approved by 47 per cent of those replying while it was disapproved only by 41 per cent. Another 12 per cent were undecided.

ON OTHER questions, 49 per cent supported legislation to restrict mail-order sale of firearms; 64 per cent thought the government should encourage arrangement of a negotiated settlement in Viet Nam; and 71 per cent thought Secretary of Labor Wirtz should permit use of braceros in California.

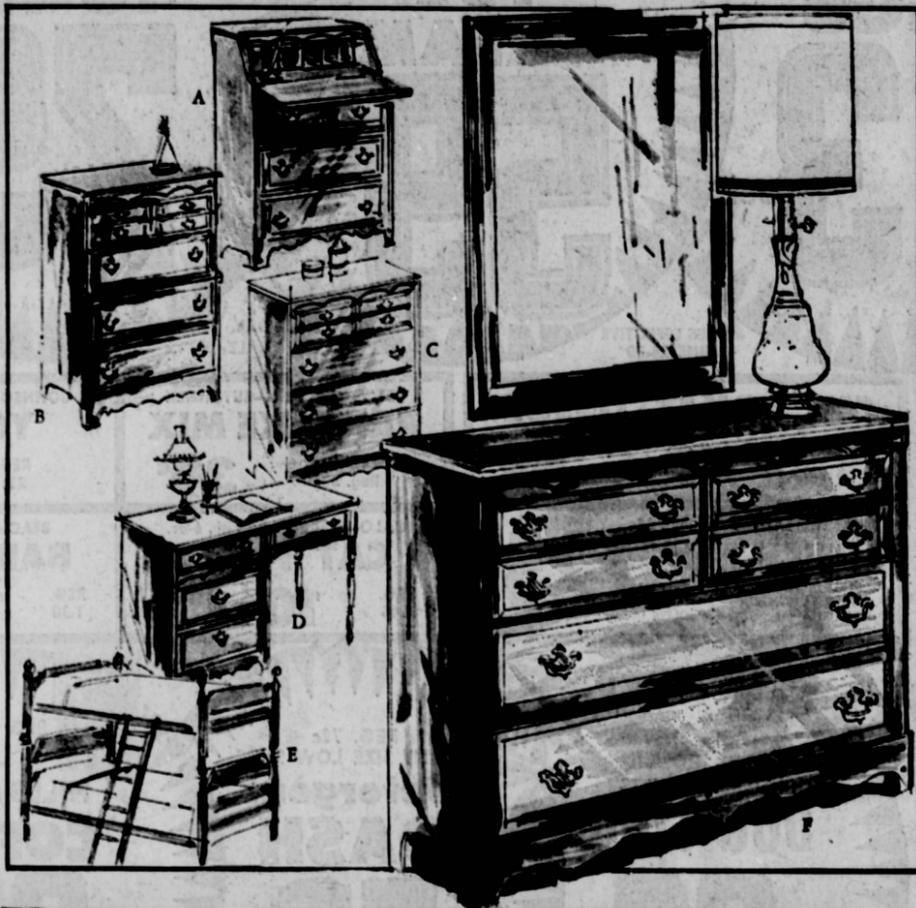

Voters opposed two other suggestions when queried by the Congressman. Only 42 per cent of those answering supported formation of a Department of Housing and Urban Development while 45 per cent opposed such a plan. On the matter of expanding trade between the United States and Soviet satellites, 57 per cent of those answering Congressman Bell's questionnaire opposed while only 84 per cent agreed.
