Read What the Experts Say —
ROAD TEST
 "In the economy car class, currently dominated by Volkswagen, a new contender has climbed into the ring. If buyers drive the Corona as well as the VW before making their decision, the Corona just might emerge the new champ. In almost every department important to buyers of this kind of vehicle, the Corona gets the nod."
MOTOR TREND
 "The Corona Sports Sedan, a real eye-catcher . . . also a real eye-opener in the performance department . . . it has a 90 HP engine that puts it miles ahead of its competition in performance . . . while other economy sedans are chugging slowly up hills, the Corona leads up with, or ahead of, traffic. Spirited, miserly, rused, and comfortable. Corona boasts a host of no-cost extras: makes sense for American buyers."
