

**THE HOOK:** A thing which pops loose in proliferation when body English is extreme. Best idea is to use other type faster, and twist to your heart's content. It's part of the fun.

**THE HOOK:** A hook is more effective than a straight ball in accomplishing a perfect hit, which occurs when the ball comes in at the perfect angle. With the hook ball a deflection action is imparted to the pins. Rather than going straight back standing erect, the pins go down at an angle giving what we call a blocking effect. One pin can carry three or four others. A hook is recommended.

### Rookie Shooting Excels At Lakers' Loyola Camp

Fantastic shooting, highlighted by 11 of the 12 players hitting better than 50 per cent of their shots, marked the first of four scrimmages of the Los Angeles Lakers' rookie camp at Loyola University.

John Wetzel, the Lakers' eighth draft pick from VPI, set the pace for the dozen torrid marksmen in the first four scrimmages, hitting 26 of 31 shot attempts for 83.9 per cent. Two other rookie candidates topped the 70 per cent mark as first draft pick Jerry Chambers clicked on 44 of 62 from the floor (.709) and Bobby Leonard of Wake Forest converted 24 of 34 field goal attempts (.706).

Henry Finkel, the seventh-foot number two pick from Dayton, headed the rebounders with 40, barely edging out spectacular jumping Julian Hammond from Tulsa with 32, and Steve Hamilton from Arizona State with 30.

The rookie candidates shot .721 from the line, headed by Keith Thomas of Vanderbilt (six-for-seven), Wetzel (30-for-34), Jackson (11-for-13), Finkel (10-for-13), Chambers (13-for-18), and Hamilton (11-for-17).

Leading scorer for the four sessions was Chambers, with 101 points, followed by Wetzel with 82, Minnesota's Archie Clark with 74, Finkel with 68, Leonard with 64, and Jackson with 51.
