What will the others be worth a year from now?

The Cadillac car holds its value far beyond any other automobile at or near its price. Let your Cadillac dealer explain today why now, more than ever, it's great . . . going Cadillac!

There is one simple way to measure the worth of any other luxury car: compare it to the way a Cadillac keeps its value. For Cadillac is the grand champion in this most telling of all motor car tests—and at resale returns a higher percentage of its original cost than any other car built in the land. There are many reasons. The first is Cadillac quality—recognized wherever automobiles are known. Then there is Cadillac beauty and luxury—so advanced that the car retains its desirability long

after others have lost their appeal. And there is Cadillac safety, performance, dependability and operating economy. What will your car be worth a year—or even three years—from now? If it's a Cadillac, the answer is predictably pleasant. Get the facts today from your authorized dealer. He's an expert in serving the world's most demanding motorists—and his interest in your complete satisfaction will continue throughout your ownership. Isn't it time you put a Cadillac in your life?
