Are you willing
to go as low as \$1745
for a new VW?

We don't sell status.
Just a car. One that gets about 29 mpg,
averages 40,000 miles on a set of tires, and
hardly uses oil between changes.

Of course, the fact that it's practical is
no secret.

And everybody is going to know that
you're saving money. But that's the price
you pay for Volkswagen.
