

# GOP Nominee Asks Dills To Resign Judicial Post

## Respiratory Diseases Show Major Increases

It seems like only yesterday when RD, or Respiratory Disease, was one of the least known types of disorders affecting human health. How dramatically this picture has changed is shown by a recent report from the Public Health Service in Washington. The PHS has responded to a wide upsurge of interest in RD by establishing a special Chronic Respiratory Diseases Branch.

There are solid reasons behind this, and they become glaringly visible if we look at current statistics showing the extent and continuing spread of respiratory disease during the last few years. Figures reported by the National Health Survey, for example, show that about 14 million Americans now have asthma, or hay fever, or both. The exact number of sufferers from emphysema is unknown, but new cases more than doubled between 1961 and 1965. The new case rate of chronic bronchitis shot up by 80 per cent in the same period, bringing the total to more than three million.

Emphysema is characterized by a breakdown of the tiny air sacs of the lungs, which can make breathing a painful struggle. Chronic bronchitis, an inflammation of the lining of the bronchial tubes, caused 3,655 deaths in 1964 — an increase of 90 per cent in five years. The U.S. Public Health Service is joining forces with the National Tuberculosis Association in a joint "task force" to plan a wide campaign against respiratory disease. The nub of the problem is expressed in the NTA's slogan: "Cough too much? Short of breath? You may have a respiratory disease."

## Wingrock Lectures Scheduled

A series of four evening lectures sponsored by the Wingrock School will be given at 8 p.m. each Friday during August. The lectures are scheduled at the Torrance Family YMCA, 2900 W. Sepulveda Blvd.

First of the four lectures, "The Practical Art of Expression," is scheduled Friday evening. Miss Marjorie Lord, stage, screen, and television star is best known for her role as Danny Thomas' television wife, will speak.

Motion picture costume designer Renie Conley will speak Friday, Aug. 12. Her subject will be "Designs of the Times, Past and Present." Miss Conley, who won an Oscar for her design for the film "Cleopatra," will show several of the costumes during her appearance.

THE THIRD program will feature Mrs. Dorothy Randall, a member of the National Home Fashion League and past president of the Foundation of Decorative Arts. She will discuss "The Key to an Enchanted House," emphasizing the selection of color, furnishings, and accessories for home decoration.

Final lecture in the series, Friday, Aug. 26, will feature television and radio personality Al Jarvis, who will discuss, "Were Your Parents a Problem When You Were Alive?"

Tickets are \$2 per lecture or \$7 for the series.

## Bank Names New Officer For Carson

Gary Tekely has been named assistant cashier-operations officer at the Bank of America's Main and Carson branch, W. E. Hall, branch manager, announced today.

Tekeley moves to his new post after serving as operations officer at one of the bank's Garden Grove branches. He joined the bank in 1962.

A native of Ohio, Tekely graduated from Long Beach schools and attended Long Beach City College. He has taken courses at the American Institute of Banking.

He and his wife, Becky, have one son. They live in Lakewood.

V. Lane Knight, a Torrance attorney and Republican nominee for the State Senate in the 32nd Senate District, today called for the resignation of Judge Ralph C. Dills from the municipal court bench.

Judge Dills is the Democratic nominee for the Senate seat in the 32nd District. He is a judge in the Compton Judicial District. Knight, in a letter to Chief Justice Roger B. Traynor of the California Supreme Court, said Judge Dills continues to collect his salary as a judge while campaigning for the State Senate. He called the situation a breach of ethics and asked Chief Justice Tray-

nor to "take immediate action to correct this situation."

"IN BECOMING a candidate for public office," Knight declared in the letter, "I have submitted myself to public scrutiny. . . I have no Judicial Title to protect me, no 'Judicial Immunity.' Fairness demands that my opponent abandon this 'immunity' during the campaign. Justice demands it. I demand it."

KNIGHT CITED Rule 26 of the Canons of Judicial Ethics, which says that a judge should not become a candidate for any other judicial office or that a judge should resign from the bench when he becomes a candidate for another office "in order that it may not be said that he is using the power or prestige of his judicial position to promote his own candidacy."
