**Torrance Leads Southwest Area**

Torrance continues to lead Southwest area cities in building permit valuations for the first six months of 1966, according to figures released by the Redondo Beach Chamber of Commerce.

The report, prepared by the Chamber's statistical department is based on data from Security First National Bank, according to Chamber manager R. S. "Dick" Fitzgerald.

Redondo Beach, which led the area during the first six months of 1965, is now rated second. Both Gardena and El Segundo are close behind Redondo Beach, Fitzgerald said.

Figures for ten area cities (Hawthorne statistics were not available) are:

**Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain**

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
