

Fall Bus Schedules Announced

School bus schedules for the Torrance Unified School District were announced this week by John Mock, director of transportation.

Students will be bussed to Fern-Greenwood, Crenshaw, and Torrance Elementary schools and to North, South, and Torrance High Schools.

Service to students in the Newton attendance area and to those Crenshaw students residing in the vicinity of 190th Street and Van Ness Avenue has been eliminated this year due to construction of curbing and walkways. Youngsters along both of the curtailed routes reside within the 1 1/4 mile transportation attendance area established by the school board.

ONLY VARIATION from announced bus schedules will be on the day before school opens when buses will carry freshmen to their high schools for orientation. North and Torrance High students will be picked up beginning at 7:40 a.m. Tuesday, Sept. 13, while South High buses will begin pickups at 12:55 p.m. Return trip buses will leave seven minutes after dismissal.

Bus stops and times of arrival for the regular school year beginning September 14, are as follows:

NORTH HIGH SCHOOL
BUS 11 STOP TIME
1 Redondo Beach Blvd. and Ardash 8:00 a.m.
2 Gramercy and 171st St.

Parents of pupils in special education programs will be notified by the bus drivers on time of pick up for school.

Phonetic Teaching Successful

Children attending Hawthorne Christian School are being taught to read in an "old fashioned" way, Carl Pike, founder and president of private, inter-denominational school, said.

The "old fashioned" way, Pike explained, is phonetics—a system of spelling in which each letter always represents the same speech sound.

"Public disturber No. 1 at the present time is the youngster, often the high school student, who cannot read," Pike said. "At Hawthorne Christian Schools we have always taught reading by the phonetic method and have not resorted to the 'look-say' method or what is often termed the 'progressive method' of teaching."

PIKE SAID the phonetic system of teaching reading was the major topic of the Reading Reform Foundation meeting in New York.
