

ANN LANDERS

Some Are Like That

Dear Ann Landers: Please tell a couple of disillusioned teen-agers who can a person trust anymore.

My friend and I were walking to town. I saw an 8-transistor radio lying on a curb lawn. It looked nearly new and in pretty good shape so I picked it up. We decided to ring the doorbell and ask if the radio belonged to anyone in the house.

A lady who answered the bell said the radio was not hers but perhaps it belonged next door. We tried next door and the woman there said the radio belonged to her son who was always losing things.

When I got home I told my mother what we had done. She said, "You certainly behaved like fools. Anybody would have claimed the radio whether it was theirs or not. That's human nature."

Please don't get the idea my mother is a crook. She's really a very nice person, but I felt awfully let down after she made that remark. Is this the way people really are? — DISSAPPOINTED

Dear Diss: SOME people are like that, unfortunately, but obviously you aren't, and neither are millions of other decent, honorable folks.

It would have been nice if the lady who claimed the radio had given you and your friend a couple of dollars for your "trouble." Honesty should be encouraged by rewarding those who really believe in it.

Dear Ann Landers: I am 22, married for two years and have a little girl. Both my husband and I work. We each drive our own car. I don't know if the trouble is me, my folks, or my car. Anyway, it's getting me down and I need help.

Because I am working I don't have time to do my housework and marketing and many things most women do. My mother helps me a lot. My sister babysits whenever I need her. We are a very close family.

Almost every evening my mother or sister phones and ask me to drive one of them someplace. I usually have to take them home, too. My husband is getting annoyed with these calls and has told me to say no. He says I work all day and should not be expected to drive them around at night.

I want to please my husband but I also feel I should help out my family since they help me. What is your advice? — MRS. ? ?

Dear Mrs.: So long as you accept favors you are obliged to repay them. My advice is to hire help or stay home and do your own work and leave your relatives alone. Then you can say no without feeling guilty, and you will also be able to keep the peace with your husband, which should be your major concern.

Confidential to GUILTY OF POOR MANNERS AND WANT TO MAKE AMENDS: If only poor manners were involved in this mess it wouldn't be so bad. You've told so many lies to so many people that I don't see how you can look any of them in the eye. Keep quiet and leave had enough alone.

Confidential to WISHIDIDNTKNOWIM: Kwitcherbellyachin. He'd probably be happy to buy back his introduction to you, too. What have you done to make his life better?

Do you feel ill at ease . . . out of it? Is everybody having a good time but you? Write for Ann Landers' booklet "The Key To Popularity," enclosing with your request \$6 in coin and a long, self-addressed, stamped envelope. Ann Landers will be glad to help you with your problems. Send them to her in care of The Press-Herald, enclosing a stamped, self-addressed envelope. © 1966, Publishers Newspaper Syndicate

State, 17 Cities Receive Traffic Management Honor

California, scoring 98 of a possible 100 per cent and topping the list, has received an Outstanding Achievement Award for police traffic management activities in 1965.

California Highway Patrol Commissioner Bradford M. Crittenden has announced.

This is the fifteenth consecutive Outstanding Achievement Award given to California by the International Association of Chiefs of Police, Inc. In 1965 the award was given to only seven states and 12 cities. Of the 12 cities, eight are in California.

The award is based on an evaluation of improvements and performance in traffic supervision. Areas considered in the evaluation included training, accident investigation, traffic law enforcement, and driver intoxication enforcement.

The bonds are part of an \$8 million authorization approved by voters in 1963. The sale exhausts the 1963 bond issue.

Members of the syndicate which purchased the bonds include Dean Witter and Co., E. F. Hutton and Co., Irving Lundberg and Co., Wagenseller and Durst, Inc., and C. N. White and Co., Inc.

WIN BOND DRIVE . . . South Bay division operators of the General Telephone Co. have been honored for outscoring all other sections of 101 to 150 employees in the firm in a recent U.S. Savings Bond campaign. The award, presented by Bernard LeBaron, division manager, on behalf of the U.S. Treasury Dept., was accepted by Mrs. Betty Duncan (left), group chief operator, and Mrs. Ann Meyer, chief operator. The section also accounted for 51 new enrollments, highest in the company. A total of 1,343 signed up for the first time and 349 increased their deductions.

VOTE REVERSED Jail Bond Issue Taken Off Ballot

A proposed \$15.9 million County Jail Bond Issue was removed from the Nov. 8 ballot Tuesday after Supervisor Kenneth Hahn branded it as "wasteful, extravagant, and unnecessary."

Hahn first attacked the bond issue when he returned from vacation and found three supervisors had voted to place it on the ballot. At that time, Hahn called for talks with officials of the city of Los Angeles to discuss the acquisition of the city jail at Lincoln Heights and a rehabilitation facility at Saugus by the county.

Meeting with Los Angeles Mayor Samuel Yorty, Hahn agreed to a 25-year lease of the Lincoln Heights facility, which has 3,292 jail beds, at an over-all cost to the county of about \$2.6 million.

"HOW CAN we ask the taxpayers to build more jails when the existing facilities are not nearly full?" Hahn asked. He said a total of

2,271 vacancies now exist in five county facilities and the Saugus Rehabilitation unit (owned by the city of Los Angeles). Total capacity for the six facilities is 10,050 prisoners.

Tuesday's vote to remove the bond issue from the ballot was 3-2, with Supervisors Frank Bonelli and Ernest Debs voting with Hahn. Property owners in the county are "sick and tired" of high taxes and the bond interest would have doubled the long-term costs of the jail bond issue, Hahn said.

THE COUNTY'S need for more jail space results from recent changes in state law which makes it mandatory for the county to take custody of all arrested alcoholics and drunks regardless of whether the arrest was made in the city or county territory.

Until Hahn met with Yorty, the city would have retained both the Lincoln Heights and Saugus facilities, although it

would have no use for them as jails. The county would have had to seek passage of the bond issue.

"What was needed was cooperation from top officials for the benefit of all the taxpayers and I am grateful for Mayor Yorty's support in this program," Hahn said. HAHN HAS recommended that the Lincoln Heights Jail be used primarily for prisoners in the Work Furlough Program in which persons convicted of less serious, non-violent crimes are allowed to keep their regular jobs and return to serve their sentences on weekends.

This assures they can continue to maintain their families and the families are not forced to go onto the relief rolls.

Hahn pointed out that because most jobs are located in the central-city area, the jail where Work Furlough prisoners serve their time should be also situated near the downtown area.

Dominguez Area Survey Of Industry Under Way

More than 4,000 questionnaires have been mailed to Dominguez area industrialists as part of a study into the needs of countywide industrial planning. Supervisor Burton W. Chace has announced.

The questionnaires are the second phase of a study being

conducted by the Regional Planning Commission. The first segment of the study—telephone and in-person interviews of industrialists—has been completed.

"The questionnaires were mailed to a sample group of industries which employ 100 persons or less in the Dominguez area," Chace said. "They will also give us countywide planning guidelines."

RESULTS of the interview phase of the study indicate substantial amounts of vacant land continue to be developed for industrial use, Chace said.

"Because of the importance of healthy industrial growth, we must continue our planning program to provide suitable sites," Chace said.

The mail questionnaires ask industrialists about their plans for expansion and the factors they considered when they established their businesses.

THE SURVEY attempts to break down the goals of specific types of industry, the projected growth in the area and some of the history leading to today's Southern California industrial boom.

A favorable response to the questionnaires will help the county forecast future employment and land requirements for industry, Chace said.

The survey has been endorsed by the Industrial Survey Advisory Committee of 15 men, appointed by the Board of Supervisors to work with the Regional Planning Commission in such studies. It also has the support of the Executive Board of the Industrial Development Committee

of Los Angeles Chamber of Commerce.

THE ECONOMIC research firm of Development Research Associates has been retained to supervise the survey.

"I urge everyone receiving a questionnaire to complete it and return it promptly," Chace said. "Answers will be held in strict confidence and the identity of firms will not be revealed in the finished report."

On completion of the study, results will be made available to industries in the Dominguez area.

Land Deal Rejected By Board

A proposed exchange of land between the city of Torrance and the Torrance Unified School District was killed Monday when the Board of Education tabled the matter.

At issue is an exchange involving part of Victor Park, the Victor School grounds, and Garnet Street.

The city has abandoned plans to extend Garnet Street easterly to Anza Avenue and had asked the school district to approve an exchange of land so a cul-de-sac can be constructed.

Vigilante Group Forms To Fight Sloppy Dress

I need volunteers for my Pig of the Month Vigilantes Club. Any individuals who consider themselves real men and women and are willing to promote a return to sanity in dress on the streets may join.

There is no fee and your assurance that we are right is all we need to get it started.

In the good old days, when lawbreakers got out of hand,

COUNT MARCO

those who were for decency formed vigilante committees and restored order. Eo must we.

A camera is not necessary for membership, but will help the cause as you rove and snap, snap. Then send in the pictures of the slobs you think will be ideal candidate for my Pig of the Month Grand Award.

Unfortunately, I'm sure the pig farmers of America will be up in arms just as the Cattlemen's Association once was up in arms when they officially demanded I stop referring to slobs/shorts-wearing creatures as looking like cattle on the plains. They claimed that their cattle not only were far more beautiful but productive as well. A good point.

But then I'm also sure that pig farmers will get the point and

agree with us that these slobb women passing themselves off as pigs could ruin the entire pork market.

If one sees too much of something one loses the taste for it, n'est-ce pas?

We shall organize national chapters with membership cards and also have printed additional hand-out cards reading, "I'm a spy for the Pig of the Month Vigilantes Club. YOU may be a winner." These you may give to any candidate you think a potential winner for the Grand Pig Award.

I suggest that each chapter award each month to the one who submits the photo adjudged by local members the most likely candidate you think a potential Month, a dinner for two at the most elegant restaurant in the city.

Winner of the Grand Pig Award should receive a full week, all expense paid vacation, at the nearest pig farm of the chapter's choice, where she may slop, dirty it up and squeal to her heart's content with the real thing.

Any brave joiners? Or do I continue the battle all alone? For membership in this newest and most exclusive club, set up your local chapter and have your president contact me for rules.

Just think what a service we will perform in the name of Woman. Don't let me down.

Board Sets Meeting at South High

The Torrance Board of Education will meet at South High School, 4801 Pacific Coast Hwy., Monday, Oct. 3, at 7:30 p.m.

The meeting is the first in a series of four meetings to be held in the community Plaza del Amo, the first and third Monday night each high school in order to enable the public to attend throughout the city this year.

able to attend throughout the city this year, include: Nov. 21—North High School, 3820 W. 182 St., Jan. 16—West High School, 20401 Victor St. and Feb. 20—Torrance High School, 2200 W. Carson St.

Agendas for each meeting are available at all branch libraries in Torrance the Friday preceding each meeting, Future meetings to be held Hanson stated.
