Cortum Sees 'True Wish' For Change

Enthusiastic receptions by people of the 17th Congressional District indicate there is "a true wish for a change," Don Cortum, Republican candidate for Congress in the district, said this week.

"It is seldom that a new candidate for public office receives such an enthusiastic welcome where the incumbent has been in office so many years," Cortum said.

"There must be a true wish for a change in this election and my promise to fight for the people on the most vital problems facing them today must have some bearing on this tremendous response," he added.

Principle issues in the campaign, Cortum said, are those of the fishing industry, the shipbuilding industry, and the need to rebuild the U.S. Merchant Marine. Other issues he cited include inflation, high taxes, and the "spiraling rise of crime and immorality."

Volleyball Teams Set

Formation of an evening women's volleyball league has been announced by the Lomita Recreation Department. Play will begin next Thursday at 7:30 p.m.

Women interested in playing on a team in the league should contact the city's Recreation Center for information. Plans are being made to engage other teams in tournament play.

spiritual discovery

It may well be man's most important challenge: to search and probe his intuitions about religion until he discovers that point in his consciousness where spiritual reality breaks through, the divine touches the human, and God transforms the world with His image. You are invited to hear this public lecture titled "The Demand of Spiritual Discovery" by OTTO BERTSCH, C.S.B., a member of The Christian Science Board of Lectureship.
