Parents Set Meeting at North High

Results of the Iowa Tests of Educational Development administered at North High School will be explained to parents of freshmen students this evening.

Mrs. Melvina Kovinick, assistant principal at the school, said a general program is scheduled to begin at 7:30 p.m. Small groups of parents will meet with counselors to discuss the tests following the session, she explained.

The Iowa tests are given to all freshmen students at the school to measure academic progress in various subject areas.

Wanted: Former THS Presidents

Wanted: former Torrance High student body presidents.

That's the way the current bulletin from Torrance High reads — all because the school is celebrating its 50th anniversary.

The search is being conducted by Barbara Moffitt, a journalism student at the school who is working on an assignment for a special 50th anniversary edition of the school newspaper, TNT.

Miss Moffitt wants to interview the student presidents and find out a little about their life during the past 50 years.

Some of the student presidents who have been located include Olympic star Louis Zamperini, Torrance mayor Albert Isen, and the first president, Dr. Karl von Hagen, who's now a Los Angeles neurosurgeon.

A total of 20 of the 80 known presidents have been interviewed, Miss Moffitt reports. Still to be heard from are five of the eight women presidents and, especially, those who served from 1947 through 1955.

Anyone with information should contact Torrance High — especially if you happen to be a former student body president.

Sisterhood Will Meet

Eric Ray, art director of the University of Judaism and chairman of the University's arts department, will discuss "Is There a Jewish Art?" at a meeting of the Sisterhood of Congregation Ner Tamid next Monday.

The meeting will be held at the Rolling Hills Methodist Church, 26438 Crenshaw Blvd., at 8:15 p.m.

Ray, born in London, England, was an officer and liaison artist to the British Admiralty during World War II. He fought in Palestine's War of Independence.

His works are included in both public and private collections in 10 nations.
