Can you afford to let another year go by?

Cadillac is by far the soundest automotive investment in the world. Some of Cadillac's twelve models cost less than the corresponding models of other fine cars. And, in a surprising number of cases, they cost little more than cars in the middle-price range. One reason is that Cadillac is gifted with a wide variety of equipment that would cost extra on lesser cars. A Cadillac price sticker is always worthy of careful study. Then, there is the matter of resale. It is a very real fact that Cadillac craftsmanship is an irresistible attraction to those who buy previously owned

Cadillacs year after year. This enables a person who buys a new Cadillac to drive his car for substantially less than many well-known makes over a one, two, or three year span. And, of course, Cadillac ownership offers satisfactions that cannot be measured in terms of cost. For how can you price its wonderful and relaxing quiet? Or its rewarding comfort? Or its incredibly smooth ride? So don't let another year go by without appreciating Cadillac price, Cadillac comfort, Cadillac performance and Cadillac value. Ask your authorized dealer for a demonstration.
