

To Conference

Representing Torrance Unified School District at the California Aerospace Education Association Spring Conference in Long Beach, this weekend, will be Dr. Carl Ahee, principal at Torrance High School; Marcus Caldwell, assistant principal; and Mrs. Geraldine Hill, teacher at South High School.

To Nurses' Meet

Mrs. Virginia Levanas, school nurse at Torrance High School, will attend the annual convention of the American Nurses' Association in Dallas, Texas, May 12-17. Mrs. Levanas is vice chairman of the school nurse section of the California Nurses' Association.

\$1.4 Billion County Budget Given to Board

A county budget which seeks a 24.9-cent tax hike to finance expenditures of nearly \$1.4 billion was handed to the Board of Supervisors yesterday.

Lindon S. Hollinger, county administrative officer, submitted the preliminary budget, which he said is up some 10.3 per cent from last year.

He called for a \$1.1 billion spending program for the county's general fund. The remainder is for special districts and services to cities. The later is paid for the individual cities and it is not reflected in the proposed tax rate.

Hollinger said it would require a general fund tax rate

of \$2.71 per \$100 assessed valuation to finance the budget.

Supervisors were told that delays in needed projects in prior years forced the recommendation for a 10 per cent tax increase to maintain "the current level of services." Welfare costs and administration also were significantly increased, Hollinger said.

Tires Missing

Burglars forced their way into a service station at 25905 Rolling Hills Road Sunday night and made off with 30 tires valued at \$1,000. The unidentified suspects left less expensive tires behind.

Obituaries

Catherine Klein

Rosary will be recited for Catherine Ernestine Klein, who died April 29, tonight at 7 at the Halverson-Leavell Mortuary Chapel. Requiem mass will be celebrated tomorrow at 10:30 a.m. at the Nativity Catholic Church.

Mrs. Klein, who resided at 2940 Carson St., had lived in the area 47 years. She was born Dec. 2, 1919, in Illinois. Survivors include a daughter, Sue Klein of Torrance; a son, Jack of Santa Barbara; her parents, Mr. and Mrs. William Peter of Inglewood; a brother, William Peter Jr. of Inglewood; a sister, Anna Kirkpatrick of Canoga Park; and one granddaughter.

Interment will be at Green Hills Memorial Park.

Mortuary Chapel. Requiem

mass will be celebrated tomorrow at 9:30 at Nativity Catholic Church. Mr. Gately, a member of Knights of Columbus, died April 29 in a Torrance hospital.

Born June 4, 1907, in New York, he had lived in the Torrance area 23 years. His home was at 342 E. 219th St.

Survivors include his widow, Murial; two sons, Francis Jr. of Canoga Park and Alphonse, serving with the U.S. Navy in Japan; three daughters, Murial Hook of Arizona, Jane McGehee of Carson, and Susan Haley of Lompoc; 14 grandchildren; and brothers and sisters.

Lawrence Jackson

Services were held for Lawrence Raymond Jackson at the Stone and Myers Mortuary Chapel yesterday. He died April 27.

Born in Blytheville, Ark., Aug. 2, 1912, Mr. Jackson had lived in the Torrance area for 30 years. An employe of Harvey Aluminum, he resided at 17520 S. Figueroa St. He was a veteran World War II.

Survivors are his widow, Elvira of Gardena; five sons, Lawrence Jr. of Torrance, William Eugene of Ft. Ord, Robert Jeff, John Hardy, and William Clay, all of Gardena; a daughter, Martha Josephine Lord of Chicago; and a sister, Donna O'Dell of Torrance.

These fingers once trembled uncontrollably.

The affliction, Parkinson's disease or "shaking palsy." Its cause, a bit of diseased tissue deep within the brain—making the hands tremble uncontrollably.

For years, doctors tried many ways of destroying the troublesome spot. Today, in carefully selected patients, operations for Parkinson's disease are performed safely and successfully with a new type of surgery based on cryogenics—the science of extreme cold—that was pioneered by Union Carbide.

Working with surgeons at Saint Barnabas Hospital, New York City, Union Carbide designed equipment by which the intense cold of liquid nitrogen, at 320 degrees below zero F., is applied with pinpoint exactness to the diseased tissue. Instantly frozen and destroyed, the uncontrollable trembling ceases.

Medical science is finding more and more uses for intense cold—another example of how Union Carbide takes familiar things and puts them to new and beneficial uses.
