Vandals Mutilate Campaign Signs

Sixty-eight large signs erected throughout the 67th Assembly District by the Committee to Elect Fred Fredericks have been damaged, destroyed, or stolen in the past two weeks, Fredericks said today.

"It appears someone is deeply concerned over my candidacy the Torrance Realtor said. 'I would question the character and the wisdom of a candidate for public office who would allow or en-

courage supporters or staff members to participate in this type of campaigning."

Fredericks said he rejects "the philosophy that anything goes in winning a campaign."

"If people seeking leadership positions cannot act as responsible, law abiding citizens, how can you expect the citizenry to act in a decent manner?" he asked.

"A supporter of mine recently surprised a vandal chopping at two of my signs with a sledge hammer, after putting up a sign for another candidate," Fredericks said. "When questioned concerning his action, he gave no reason but stated he was paid to work on the sign committee of another candidate for the same office."

Fredericks said the information about the incident has been forwarded to his attorney.

INSPECT DAMAGE . . . Realtor Fred Fredericks, a candidate for the Republican nomination for the Assembly in the 67th District, inspects one of 68 signs damaged or stolen by vandals. Fredericks said a 16-year-old boy has been charged with the vandalism.

WHAT'S DOING?

Here's something that every parent should know. In an emergency, it's always quickest and best to dial direct to the police, fire department, or doctor. But for a youngster that might not be possible. So be sure your child knows how to dial "0" for help in an emergency. Our Operators are trained to do the rest.
