

City Trims Number of Precincts

Many precinct workers employed in past Torrance municipal elections will not be utilized this year because of the consolidation of precincts, City Clerk Vernon W. Coil has announced.

Coil said that the 232 county precincts in Torrance had been consolidated to 122 at the county's request. This change was necessary because the city will use the I.B.M. Votomatic machines in the April 9 municipal election.

Coil added that for the city election, precincts have been further consolidated to a total of 61.

The Votomatic election method will save money for the taxpayer and provide election results much more quickly.
