

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

**By ARTIE DEE**  
**Transportation Editor**  
 Located in the Hollywood area, near the corner of Sunset and Vermont, is a city within a city. Devoted exclusively to the care of children, the Children's Hospital maintains a continuing research and study program into the diseases and maladies that affect our little folk. This island of mercy is easily reached by RTD from almost any place in the city. Coming from the Pasadena, Eagle Rock, Glendale area, Line 31 goes within three blocks of the hospital. Lines 42, 91 and 95 all serve the area, in addition to many connecting lines throughout the city. An RTD system map will provide you with all the details.

Spring is bustin' out all over. I know, because the first contingent of flies arrived at our house over the weekend. These pesky little invaders were rank amateurs, but I have no doubt they will get more savvy as time goes by. Spring always gives me itchy feet, how about you? The RTD's 2200 miles of lines, more than some airlines, offers an interesting array of places to go. Check your system map, when you get it, after you send for it, and see for yourself.

Not every city is endowed with 1200 lush acres of park in the heart of a vast metropolitan area, made up of grassy lawns, trails, golf and tennis courses, plus a zoo with over 2000 animals. A children's ride area is provided with refreshment stands to take care of your snack needs. Griffith Park is all this, plus being accessible by RTD lines from many sections of the city. Just for a starter, you can rent a bike and enjoy a do-it-yourself tour, the hard way. Well, it will get rid of some of that excess blubber around the middle. The system map will show you how to get to the park. Send for one today.

Please give me schedules and fares from Carson and Avalon to Civic Center. I work 8 to 4:30 P.M.  
 A. The 37 line will take you to 7th and Main, where you can transfer to the 2, 8, or 92 going north to Civic Center. This would be an 83 cent fare, including transfer. I'll send you timetables and map.

I know it's a heck of a long ways, but can I get to Disneyland from where I live in Manhattan Beach? I've got more time than money, Mr. T.C.A.  
 A. Join the club. Yes, you can get to Disneyland by taking two buses. First, catch the 51 to 6th and Main, walk over to the new terminal and board a 58 line to Disneyland. This should take about two hours and 45 minutes, one way.

Where is the French Hospital, and how would I get there from Hawthorne? I live near Compton and Prairie. Mrs. C.L.  
 A. The French Hospital is near Chinatown, on College and Hill Street in Los Angeles. You can catch the 5 line to Broadway and Temple, change to the 6, 7, or 25 to College Street and walk one block west.

Going from Lawndale to the Forum, what bus do I change to, and where? Mr. M.O.  
 A. Change to the 54 line at Manchester in Inglewood.  
 Q. Can I get a bus from Redondo to Long Beach? Mrs. L.M.B.  
 A. Yes, Greyhound has a line to Long Beach running through Redondo Beach. Call the local Greyhound office for information.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. No stamps or stamped envelopes are necessary.
