

Preferred for Manhattans.

A lot of people like Fleischmann's Preferred. And they can tell you why. For some, it's simply the taste.

For others, the 90 proof...and the value. For many people the important thing is the Fleischmann name. (And that's just the kind of confidence we've tried to create—every step of the way since 1870.)

...but what they do with it is important to you.

A large percentage of the funds of corporations, pension plans, personal estates and credit unions are earmarked for savings accounts. The financial executives who manage these funds must be assured of maximum earnings with safety and availability. Where to place this money is not an easy decision when you consider the fact that they have a choice of more than 27,000 savings institutions. So, these professionals do a lot of fact gathering, a lot of analyzing, a lot of comparing, a lot of talking. The result: Financial managers in 50 states and 61 foreign countries have chosen your nearby neighbor, United Savings, over all others...for the many reasons you will prefer United too. Move to United with the professionals. You'll be glad you did. And, you'll earn the highest rate in the nation on insured savings. Current annual rate, 5% compounded daily...even more on bonus accounts.
