

United Crusade Names Union Oil Executive

Assuming responsibility as a "good community neighbor," Union Oil Company is serving as Harbor area corporate sponsor for the annual United Crusade campaign for the fourth year.

Superintendent of personnel Robert A. Campbell is a key member of the Harbor campaign cabinet for 1968 headed by Robert Sprague, manager-treasurer of Shell Oil Co.

"No one likes to give money unless they understand the real need by those less fortunate," explained Campbell. "We have lots to do as far as educating our area with information about the tremendous work being done by United Way agencies and American Red Cross programs."

In the 18 years that Campbell has been with Union Oil Co., he has noted a marked increase in civic activity by large firms that "truly want to be in on a variety of community projects."

Campbell pointed out that the Los Angeles Refinery of Union Oil's union sponsors a Boy Scout troop. The Scouts are one of the local agencies who receive funds

from United Crusade. He also mentioned that his firm is working with local police to help make the Wilmington area a better place in which to live and have participated in youth training programs.

The oil executive makes his home in Hollywood Riviera with his wife, Marion, and children, Bruce, Claire, and Ian. He attended McGill University, Montreal, Canada, and graduated in chemical engineering.

Edison Hearings Scheduled

Public hearings on Southern California Edison's application for a 9.6 per cent, \$60 million annual rate increase will begin next Wednesday in Los Angeles, the California Public Utilities Commission has announced.

Members of the general public who wish to testify will be called Friday, Sept. 27, in Los Angeles.

Los Angeles hearings will be held in the Commission's Courtroom, State Building, 107 S. Broadway

At a pre-hearing conference Sept. 12, representatives of the cities of Los Angeles, Long Beach, Azusa, Monrovia, and Santa Ana indicated they would take part in the hearings as "interested parties."

Only one formal protest was entered, that of James F. Sorenson, representing Friant Water Users Association, a group consisting of 22 water districts in four counties in the San Joaquin Valley.
