

PROMOTED — Charles A. "Chuck" Nader announced this week the promotion of William W. Bennett as member of the Board of Directors of Nader's Furniture Stores, Inc. Bennett, who is the Vice President in Charge of Store Operations, has been with Nader's for 12 years, serving in the capacity of truck driver, salesman and store manager. In his new position he will be connected directly with company policy development. Nader's has four stores and is presently considering opening six more. (Advertisement)

Apartment Owners Meet

The Apartment and Motel Association of California will hold its last evening meeting of the year Tuesday at 8 p.m. at the Hacienda International Hotel, 525 N. Sepulveda Blvd., El Segundo.

Speaker of the evening will be Don F. Clark, Westchester attorney, who will talk to members on the recent changes in the California Baggage Lien Law which went into effect Nov. 15. He will also discuss unlawful detainer procedures and the landlord-tenant relationship. Clark is engaged in private practice and specializes in real estate and criminal law.

The association invites apartment house owners who are interested in learning more about their legal rights under California law to attend this meeting. The meeting will be preceded by a 7:30 p.m. coffee hour and staff will be present to meet all those attending.

General Fund Receipts Up, Controller Reports

SACRAMENTO — State Controller Houston I. Flournoy has reported California general fund receipts were up to \$964,792,410, compared to \$734,612,441 last year, during the first four months of fiscal 1968-69.

Increased receipts continued to reflect the new tax programs enacted in 1967, Flournoy said, with substantial increases reported in sales and personal income tax collections, the latter including October pre-payments which were up considerably. Higher personal income tax liabilities for this fiscal year led to larger pre-payments from taxpayers.

Flournoy said that at the end of October, the general fund has a temporary loan balance of \$174 million from other funds. This compared with \$214.5 million at the end of October, 1967.

General fund expenditures, the controller said,

again for the first four months of the fiscal year, amounted to \$1,248,159,754 for an increase of \$278,320,441 above 1967-68. School apportionments and funds set aside for property tax relief accounted for a major portion of the increase.

MAJOR sources of revenue during the first four months included: Retail sales and use taxes, \$511,072,434; personal income taxes, \$89,790,669; cigarette and liquor taxes, \$89,438,802 and inheritance taxes, \$44,458,810.

Major expenditures included: School apportionments, \$427,944,195; health care benefits, \$102,751,516; bond interest and redemption, \$94,145,533; blind, dependent children and disabled air programs, \$88,145,869; state colleges, \$73,678,373; University of California, \$69,302,816; and old age security, \$48,656,351.
