TRANSPORT TOPICS

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

By ARTIE DEE
Transportation Editor

Well here it is 1969 and I still owe for 1968, one thing I learned New Year's Day in Pasadena, "Thank Heaven for buses." Can you imagine what that traffic mess would have been like if all the people who rode buses had driven cars? All this adds up to one interesting fact, buses play a very important part in our daily lives!

Santa Anita is in full bloom again and the odds are good you will enjoy the special service RTD will take you direct to the track. In the downtown Los Angeles area, RTD provides frequent direct freeway service to Santa Anita from the RTD/Greyhound terminal.

Someone once wrote a song "The Best Things in Life Are Free" and although some of the former free stuff now costs money, there are still a few free things around. Exposition Park, in the heart of Los Angeles, is one of those places. Easy to reach by RTD 49 line or 95 line, with connections from many other lines, this is a treat no one should overlook. The Museum of Natural History is an education in itself, with exhibits that defy the imagination. The Museum of Science and Industry is another collection of displays and exhibits you won't want to miss. And for the youngsters from 6 to 60, there is a vast collection of full-sized airplanes, cars, motors, etc. Take time to enjoy this interesting family outing.

THOUGHT FOR TODAY — Don't let yesterday use up too much of today.

Q. I understand there is some kind of bus service to the new Dominguez College south of Compton. Can you tell me something about it? Miss L.V.

A. Yes I can. The 114 line was extended to serve the Campus. Hourly service is offered from 7:30 a.m. to 6:30 p.m. I have sent you a timetable for your convenience.

Q. I am interested in a bus traveling from Palos Verdes to downtown Los Angeles, also would appreciate a map. Miss K.L.C.

A. The 125 bus goes into Los Angeles from Silver Spur Road to Hawthorne six times a day. I've sent you a timetable, but your map will be delayed a little. RTD is printing a new one and is temporarily out of the old ones.

Q. We are new in California and live at El Segundo and Vermont. We're interested in knowing what transportation is available to downtown Los Angeles and Gardena and Torrance. We would appreciate having a system map. Mrs. W.B.

A. You live on or near the Torrance (1) line and the Gardena (1) line, both of which will take you to Los Angeles. One line goes to Gardena and the other to Torrance. I can't send you timetables of those lines, but I can send you a new map when they are back from the printers.

Q. Would you please send a system map and information about the 21 tour guide. Also from 174th Street and Crenshaw, how would we get to Yucaipa? Mrs. W.B.

A. Your tour guide has been sent, the system map will be delayed. The RTD ran out and is printing an all new one. From the above address, take the Torrance 1 line to 9th and Broadway, either walk or ride to the RTD Terminal at 6th and catch the RTD 60 line to Yucaipa.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO RETURN STAMPS OR STAMPED ENVELOPES.
