

Rug Cleaners Institute Names President-elect

John M. Spencer of Spencer's Carpet Care, has been named president-elect of the National Institute of Rug Cleaning, Inc. (NIRC) at the Institute's 24th annual convention in San Francisco.

Spencer, who has just completed a term as vice-president of NIRC, has devoted his efforts in many capacities in the policy-making board of this international trade association. He has served as chairman of NIRC's membership committee and as director of District 12, which covers the states of California, Utah, Nevada, and Hawaii.

Not only devoted to NIRC, Spencer expends his efforts to many civic and local organizations, including the Elks, Rotary International, Toastmasters, and Torrance Area Chamber of Commerce. He is a past president and director of the Rug Cleaners Institute of California.

Now, aren't you glad you waited?

New Sony FM stereo/FM-AM receiver.

The 6060 receiver draws upon the famous Sony transistor know-how in its sensitive FET front end and 62-transistor circuit. The result is that even the weakest, fuzziest FM stations sound like the strong ones. And they don't get clobbered by the strong ones. Stations you never knew existed come in crisp and clear. FM stereo is superb. AM broadcasts are richer. And tapes and records retain their original-performance brilliance.

The amplifier delivers a powerful 110 watts IHF into 8 ohms — all the power needed to drive any speaker system. The 6060 has all conveniences you'll ever need: automatic stereo reception; zero-center tuning meter; front-panel headphone jacks; switches for tape monitoring, muting, speaker selection — the works.

Come in and hear the new Sony 6060 today.
